Customer Reviews

This novel was absolutely terrific! I enjoyed reading every word. Ms. Jarlvi created a wonderful debut novel. It was a long novel, around 486 pages on my Kindle App for iPad, but I enjoyed the lengthiness. The chapters were presented from multiple POV and time periods. However, this technique was easy to follow. The plot was well-developed and the characters realistic. I loved the ending. The characters got what they deserved; the guilty were punished, the innocent vanquished. This novel was an excellent read. I plan on reading additional novels by Ms. Jarlvi as she writes them.

Anna is married with two young twin boys. She is a high school (I guess it's considered high school in Sweden) teacher in Måfårna, Skåne County, Sweden. Her husband, Erik, is a house painter but has big dreams about making it as a rock star. One night Anna is working late at school and ends up being beaten and left for dead in the school parking lot, falling into a coma. The story is told from multiple points of view and covers a few months in time - before and after the attack. This book was difficult for me to finish. It seemed to drag on FOREVER. Many people are presented as suspects of the brutal attack against Anna - too many, in my opinion. The characters are well defined but I did not find one of them I liked. So it was draining to read and finish the book. I really didn't get a feel for the Swedish locale either. I think this could have been a good mystery - with the verbiage cut by about half. It did have some rare good moments. I received this book from Atria Books through Net Galley in exchange for my unbiased review.

I loved this book. Just the right amount of mystery. Finally an author that can write without using the F word.

It was not a bad read, some things were a little way out .. otherwise it was OK

This was a well written page turner with a surprise twist

Interesting plot but borders on pornography Won't read any more of this author's books...

Felt like it should have been a short-story instead of a novel. No sharp edges.

Loved this book! Lots of surprises and I think a book well written! Hated to have it end!
