Confessions Of An Illuminati, Volume II: The Time Of Revelation And Tribulation Leading Up To 2020

Synopsis

After his master thesis of the secret societies network as outlined in volume 1, the Confessions of an Illuminati narrative of Leo Lyon Zagami is projected to the reality of today, including the occult maneuvers behind the New World Order. We need to wake up beyond our current belief systems, because the "controllers" of the New World Order are moving fast using the "Prophecies" to their advantage to implement their evil plan by 2020, when World War III will finally break loose. The author demonstrates that the hierarchy of power emanating from Rome and Jerusalem, with the Jesuits and the Zionists united by a secret pact since the Second Vatican Council, are in cahoots working towards the creation of a world government. There is also China playing a new role in the NWO with the far reaching tentacles of Chinese Freemasonry manipulating economic Hit Men and disinformation artists, while Russia is building their Christian orthodox alliance to apparently oppose the Western antichrist. In this unprecedented scenario, we also have the involvement of the big media moguls like Ted Turner and Silvio Berlusconi and their role in manipulating perceptions. The author discusses further aspects of the Satanic infiltration of Freemasonry, pointing out on the generational aspect the many ways of defending yourself psychically against black magicians, but also against the many sects operating in the Illuminati Network.

Leo Lyon Zagami is a writer and researcher who wrote a popular blog between 2006 and 2008 concerning his direct involvement with the New World Order and secret societies connected to it. He is the author of numerous books in his native Italian and is the author of *Pope Francis: The Last Pope?: Money, Masons and Occultism in the Decline of the Catholic Church*.

Mr. Zagami no doubt digs in. The author in most part makes some surprising and very brave statements on dramatic and historic facts, personas and celebs involved in either hidden, or open organizations of masonic style. Also even that a few ones also he discretely delivers subtle but significant esoteric secrets in particular to those not very familiarized with this kind of theme. An interesting perusal.

Many readers will be totally shocked by what this book reveals. You will find out things about our political leaders that might make you pray for the future of mankind. I read this, and part one.

Opens your mind to what is going on in the political arena and who is behind the wealth and power of the world.

The much awaited second Volume of the Confessions of an Illuminati, just as essential and brilliant as the first. See my review of Volume I:

Leo Lyon Zagami has published extensively on the forces of Freemasonry, is himself a 33rd Degree Grand Master Mason, and should be considered a privileged insider uniquely qualified to write of Secret Societies, their Occult Governments and New World Order, the latter described by the author as despicable, ruthless, dark and evil. Their single goal is to establish a World Government under a plan to eliminate 95% of the world's population. The New World Order is partially financed by drug trades that trace a long history back to British India, Chinese empires, the Illuminati Network, Hong Kong Triads and global secret societies. On a more subjacent matter the author writes of The end of HAARP, an event at first glance that is welcomed by many because the original goal of ionospheric research has since been back-seated by a bureaucracy into climate control, physiological and emotional delusions inflicted on individuals under remote mind control "psychotronic weapons", and electromagnetic radiation tests. The author writes of his own exposure to the latter by governments operative adversaries. Many of the functions of HAARP have been assumed by a mysterious mobile

platform called the Sea-Based X-Band Radar under the control of the U.S. Department of Defense. Ted Turner is the largest land owner in America and was the founder of the CNN news channel in Atlanta, Ga. He is also a promoter of eugenics along side a dramatic reduction in world population to 500 million people, as inscribed in the famous Georgia Guidestones an imposing granite monument described by some as the American Stonehenge. Among other mandates the Guidestones also refers to the establishment of an International Criminal Court and a world government. This book's author, Leo Zagami, now turns to greater controversy as he writes of "years of tribulation leading up to 2020... a series of natural disasters, the spread of deadly viruses, events that will bring hunger and destruction, and a Third World War". All this and more are courtesy of "the New World Order in collaboration with extra dimensional entities that are not of terrestrial origin, because the supreme guides of the Illuminati are mostly evil entities from another dimension". Oh My!! In Chapter III (3) the author writes of notorious speculator George Soros and others who are New World Order influences as well as being part of the international drug trade. Bolivia is mentioned as being successfully "wholesaled" to a mafia of cocaine traffickers. This mafia is also one beneficiary of some 500 billion dollars in global drug trade funds along side the Vatican described as "a den of gangsters and perverts". The mafia was a creation of the Illuminati. Author Zagami's supreme sophistication, knowledge and understanding of societal and political forces are quite revelatory on page 118 where he writes that the U.S. political system remains the result of strict selection, made according to the family background.. in most influential secret societies within the New World Order. "Bonesmen John Forbes Kerry, current Secretary of State, is one example of Illuminati control. Georg W. Bush was an example of "incompetence" who became President because of his Skull and Bones affiliation. More than noteworthy in this book are the events preceeding 9/11. (1) Jewish leaders told their flocks not to go to work in N.Y. on that day. (2) Former Italian President Francesco Cossiga stated in November, 2007 "All democratic circles of America and Europe knew that the attack was planned...by the CIA and the Mossad..." (3) Read more on page 204. On page 167 is an article from a contributor who states that "The Roman Catholic Church is rapidly decaying from within. It is no better now than a Dead Sea fruit...full of the rottenness of decay and death within". A new spiritual guide may be waiting to emerge on the global religious forum as the Messiah: Maitreya. The plan is to install Maitreya as the New World Order religious leader while George Soros, the United Nations and other usual suspects monitor New World Order dictates. Doubtful that any manuscript can match the comprehensive and authoritative history of Freemasonry, the occult, Masonic rites, secret societies, obscure sects of the Illuminati Network and countless tributaries of these forces. See page 371 for a photo of the author with his friend Alex Joes

I read a lot of books, but this is entirely too challenging for me. Unfortunately, I bought the entire set, not realizing that this was so deep with a tremendous amount of history.

Another excellent volume, hope Leo continues doing the great work behind the scenes. We really appreciate it.

the blanks to all my questions. A great read, a must read for those looking for answers about our future.
