and points of interest; foldout PageFinder™ map for quick and easy location of map pages; Cities and Communities: index to help users easily locate map pages; vicinity maps for overview coverage of surrounding areas; detailed map of downtown areas; consistent map scale from page to page; convenient lay flat special binding.

I am a reserve police officer. When I go out on patrol it can end up being anywhere in the county. I don't know my way around all the back roads and if dispatched I need to find a location a.s.a.p. This map / book has been a God send. Very easy to use and find locations. I have GPS in my personal vehicle but will pull this puppy out if I need to find any local street. Very handy.

Perfect!! It's so hard to find good maps locally and the streets keep changing and they keep adding new streets!! Really hard to keep up with!!

Very good to get around town,

It's a book. It's got maps. It works. Very simple assembly. No batteries required. It will always match your outfit.

Guide was very good and was thorough. It consisted of several pages bound by spiral binding for easy "flipping" back and forth. With a little study and practice it was easy to locate the various streets. The street index in the back of the book gave the street location by page number in the guide as well as coordinates to look for on the page. An individual map of the Notre Dame campus was also provided. The only reason I did not rate the guide 5 star was that the area was not presented on one easy to read fold open map. Others using the guide may find that aspect unimportant.
