Customer Reviews

I've made a few recipes from this cookbook and have absolutely loved every one of them! They are super easy to make, don't contain many ingredients, and best of all, I just throw it all in the crockpot, let it cook all day and come home to dinner made! This book includes Breakfasts, soups, Chicken and Turkey, beef, pork, Vegetarian and Vegan meals and dessert recipes. I've found something new, different, and super tasty to cook every night while using this awesome cookbook! The soup sections is my most favorite so far but i have a lot to try yet. I highly recommend this book for anyone, especially for those like me who do not enjoy cooking. These recipes are so easy and the fact that your crockpot cooks them for you is amazing! I'm so happy to just have to spend a little time prepping veggies, but then coming home to dinner made!
