Synopsis

Twenty plants, including familiar trees like the aspen, birch, spruce, and poplar, as well as lesser-known plants like Labrador tea, cow parsnip, and buffalo berry, form the soul of herbalist Robert Rogers's medicine kit. *Herbal Allies* chronicles the journey that led Rogers to become an herbalist and shares his deep knowledge of the plants that shaped his practice. The author weaves personal experience, observations, knowledge from indigenous healers, and many years of expertise from his practice as a professional herbalist and clinical professor to present a unique and fascinating narrative that not only limns one man's vital connection to plants but also provides invaluable information on effectively using plant medicine for the prevention and treatment of a variety of health conditions.

“Plants themselves are the traditional teachers, but knowledge keeper and elder Robert Rogers beautifully honours their story in this herbal about allies of the plant world. His blending of ancient wisdom with biomedical analysis is a direct reflection of his eclectic career as a pioneering herbalist and a great contribution to the legacy of herbals. Reconnect to the knowledge you already know in your heart.”
—James Christian, director, Pacific Rim College

“You hold in your hands a treasure. In this contribution, you get to meet a true herbalist, one that has scrapes on his face from tree branches, frozen fingers from the cold, and tiredness from long hours on the quest for the wisdom of plants. His stories of adventure are wonderful and his understanding of Northern Cree Indian ways has preserved generations of herbal

knowledge. — Terry Willard, CIH, PhD, herbal elder of Canada — Herbal Allies is part biography, part folk medicine, and part brilliant clinical insight, wrapped up with a strong dose of inspiration. Rogers shares detailed information on twenty plant allies, and in every instance that information is derived from a strong personal connection, and distilled into what can only be described as wisdom. — Herbal Allies is a must read for any serious student of herbal medicine. — Thomas Easley, RH (AHG), Director of the Eclectic School of Herbal Medicine — “Robert Rogers’s herbal journey is inspired by a lifetime of working with and listening to wild plants. In Herbal Allies, Rogers shares his deep knowledge and experience. His body of knowledge is expansive and thoughtful in all aspects of plant medicine.
