Customer Reviews

This was actually a much smaller book than I expected it to be but that can probably be chalked up to me not paying good enough attention when ordering. I'm glad that it isn't so thick and heavy, though. It makes for an easy read and its really easy to understand if you have a basic knowledge of Russian. I've actually been able to get a laugh out of a few of my Russian colleagues using things that I picked up in this book. "Lear to Sound Like A Real Russian" is an apt quote to subtitle this book with. Very pleased with my purchase.

If you are interested to know more about Russian language, this book is for you. It consist of very essential knowledge in order for us to get more acquainted and become a real Russian in just a week. Perfect read.

Not good, too basic. repetitive, out of touch with real Russian, too difficult to use, no English to Russian or index

Disappointing.
