I bought this for a friend's birthday but flipped through it myself before wrapping it up. The photos are soooo cute. There are a lot of good ideas in the book. Maybe not for planning an entire party, you'd probably have to have a big budget for that, but just to take a few ideas here and there. And I'm just a sucker for cute party pictures. Lots of inspiration!

Best book ever. Gave as gift.

This is an amazing book that I LOVE looking at!!

Bought this for my sister-in-law who loves to play hostess and is very creative. She LOVES this book.

Just what I needed... We celebrate everything now...lol

I bought this for a friend as a gift and decided when it arrived that I needed one too. I will be ordering my copy soon. It is packed with fun ideas, plus it's simply a beautiful book. Very well designed and written!!!!

Purchased a set of three. Me, future daughter, and son. Everyone has raved about this book! I personally love mine! Future daughter has looked through/read hers several times.

This book contains not just party ideas, but in-depth suggestions beginning with invitations and holding your hand until your guests are leaving. Many resources provided.
