Customer Reviews

I didn't think the book was well written and could not finish it. Donald Trump's personally written books are magnificent, but this one talking about his strategies is a far cry from such.

This was a gift for my grandson who is an international business major. The boo is so appropriate for understanding our President.

Good book, took about a half hour to read it, it's short but good basic advice on life. Great for a young person and a review for the not so young.

Read it and learn...

Good summary of Mr Trump's tips but note that it is not by Mr Trump. The contents are consistent with other books by Trump.

Both my wife and I are already applying some of the rules.

need money to make money, but it is a good book..

I really enjoyed this book.
