This was a complete waste of money. I know more about Myrtle Beach from my memory of going there as a child over 20 years ago than from any information that was in this book. I don't know if I'd even call it a book, as I was able to read it cover to cover in just over 30 minutes. The author clearly only includes places and activities that were enjoyed or relevant to him and his time there. It was incomplete, full of typos, and the worst \$9 I have ever spent.

Author tends to lean to the quieter times
