Customer Reviews

While this is a good book for young children too many of the pieces sound the same.

What a great duet book for my clarinet students. The beginning pages clearly explain and give great examples on jazz rhythms. The duets are interesting and fun to play. This is my favorite jazz duet book to use with my students. The duets are so well written they are even great to use in recital performances.

Very good trumpet jazz duets for younger students. Also make good sight reading for more experienced trumpet students.

Exc Book. For studying rhythm totally recommend it.
