Customer Reviews

Hot Dino Girls is a delightful collection of four short fantasy and science fiction erotic stories. Each one takes you into the lives of different characters sharing the same location at an old lighthouse renovated into a Bed and Breakfast Inn set on an alternate earth inhabited by humanoid dinosaurs. Paul Lucas is becoming well known for a wonderful mix of romantic characters and steamy hot scenes set in unusual places. These continue in this theme. All of them take you into romantic and steamy scenes between fun and loving characters you will find easy to relate to. I was able to read this one sooner as I could read each story without needing to set aside the usual amount of time to read it all at once. This is because once I get into a Paul Lucas story, I have to complete it before I can put it down. Reading each of these was a delight, they will stay with me for many months to come. I especially enjoyed the second one, featuring a young tailor going through a personal crisis. A sexy lady shows up at just the right time to rejuvenate his spirits and inspire him to greater heights. The characters are heart warming and fun, and the scenes are steamy hot. Definitely got me wet! I also thoroughly enjoyed the last one and found myself drawn into the lives of the characters and savouring the moments they share together. Thank you for another fantastic reading experience.
