Although his works fetch record-breaking prices at modern auctions, Vincent van Gogh (1853–1890) sold only a single painting in his lifetime. The artist labored in obscurity, creating hundreds of paintings and more than 1,000 drawings in the 10-year period before his suicide. His posthumous fame grew quickly, and his influence on Expressionism, Fauvism, and other branches of modern art is beyond calculation.

I received my notebook a bit earlier than expected which is always a plus. When I ordered this notebook I was under the impression it was a normal size notebook. Even receiving the package I thought it was because it was in a big envelope, so when I opened it and seen it was a very small one about the size of my hand I was a little disappointed. Other than the size it is very nice. The picture on the front is very pretty and shiny. The pages are very smooth. Great idea to carry around to make notes, or a grocery list, or a little doodle pad. I would definitely recommend this to someone as long as they know it is not a standard size big notebook

my dad needed to spend an extra dollar to get free shipping with prime. we searched one dollar items and found a lot of things that were over a dollar. we decided we would get this because it was only one dollar and free shipping[for us]. this wonderful, van Gogh notebook is good for: journal, art book, and idea notepad. you or your kids will love this. it is about 60 pages of blank printer paper in an appropriate size to put in your purse. get this for only one dollar. it is amazing and a great deal. so if you are looking to be creative and need something to express yourself, pick up one of these today.

A small attractive notebook that's small enough to fit in a back pocket. Unfortunately, I missed the description that explained the pages are blank... I was hoping for a lined notebook.

Got this as a little happy for my sister. Irises are her favorite flower and the Van Gogh painting are a particular favorite.

These are cute books. They are small, can fit into the palm of your hand, and make great notepads for a purse or backpack. They are not lined, and this may throw some people off. Overall, a good purchase for around a buck.

It's a gorgeous but VRRY small notebook. Not many pages and is the size to put in your back pocket. Disappointed as I thought it would be a little bigger with more pages....

Very thin cover that offers no support or protection, very thin paper. Not going to get much use out of this one but at least it was cheap. I will say that the graphics and colors of the cover are very nice and vivid.

This is a cute little blank notebook that will be used as an addition to a gift basket. The notebook is a little smaller than I had originally anticipated, but I didn't really pay attention to the dimensions, so I wasn't upset. I like that the notebook has blank pages so it can be used for a variety of purposes and not just for making lists or taking notes. This will make a nice addition to a larger gift basket.
