## Customer Reviews

RECEIPTS are just super . But be very careful : they have the same book with a different name " Irish pub cookbook ". These are the same books with slightly different titles. I unknowingly purchased both books. So upset that this wasn't told to us that they were the same it was hard to give a good summary on the terrific receipes. Yes, they were great with easily found ingredients, with clear instructions. You will not be disappointed BUT only buy one not like me. They undoubtedly won't print my reviews, but if they do I wanted you to know what happened to me.

I like it but don't think I would make many of the recipes. It does make for a good read. I found a lot of the information on the recipe to be interesting. I am looking for an irish cookbook for everyday food that Irish family's eat. Still looking. These recipes are more contemporary than traditional. I did like the Oatmeal & Potato Bread and the Barm Brack recipes. Those were delicious.

Book as described. Quick shipping.

this was pretty good but most of it i already can make. i sort of thought i would find some new things in it but not everyone is irish like my family here in the states. if you are looking for some yummy meals buy it its worth it great pics and everything. i just already make all of it is all.

The photos are great in this cookbook and the recipes seem all right. I have only made a few of them and they were good, nothing too earth-shattering but this is standard Irish pub fare so I did not expect it to be. I would have preferred a little more substance to the book but it was a really good price and compliments my other Irish cookbooks quite well. Definitely worth the money.

good book

This is a large thin cookbook. I purchased it as a gift. The photos of the food is quite good, but the hardcover reminded me of the covers often used for children's story books. If you can get past that, it is a decent cook book with some good recipes.

This is a small, but terrific cookbook with recipes indicative of Ireland.....The photos are beautiful and made my mouth water...!!!! Can't wait to try out some of the dishes.....!!!!
