## Customer Reviews

This is the best "Walking Dead" book yet! It has great art, sex, violence, sleepless nights, one oldman goes crazy because he has no woman, new graves are dug and filled, zombies on the rampage, buckets of oozing blood, decapitations, mutilations and lots of sexy hookups. What does the repulsive, grouchy and bitter old mando with his gun? I don't want to ruin it for you, but one old man angry at life can do a lot of damage! Rick finds himself up to his eyeballs in zombie blood, a few guys have to face some hard rejection and a couple of people fight for life from their makeshift hospital beds. Stay tuned fans!

Great quality, happy I purchased these. I started reading the Walking Dead very late. I had watched a few seasons of the show on AMC and decided to pick the books up. These are great 12 book compendiums. I pulled through each book quickly to catch up on the series and have now moved to reading these on my iPad when each issue is released. The stories are quite well written and the art is fantastic. Don't expect the same story line of the show and be willing to put aside reality a bit more as well.

---Series The Walking Dead - it's just something! In contrast to the comic series is much more interesting and more hooked! After reading the first volume you want to just read all the other volumes without interrupting :)). Personally, I liked the comic book and I look I will wait for the next release! I advise everyone to reading!Best Regard!

I have been following this story since 2003 and it has had its ups and downs [the period after the Governor-Hunters]. I still remain devoted just to see where Kirkman is going to take the story next. Book 7 picked up right where 6 left off [in the Washington D.C. wasteland] and kept me glued to the pages.  
PROs:An ever-evolving zombie group survival storyline that keeps you turning the pages  
Excellent writing & drawings - the characters seem like very real people  
Lots of zombie chomping & evil human survivors [gunplay, hacking & slashing]  
If you love the AMC TV series then there is no question you'll like these books, just make sure you read them in order  
The black & white adds to the apocalyptic & chilling atmosphere  
CONs:Still not as good as Book 1.  
NOTE: This is an ADULT graphic novel series and I do not recommend for children under 16.  
UPDATED: 24 Apr 12.

Arrived in great shape, and in great condition. What more could you want? I'm slowly building up my collection of these awesome hardcover versions of this epic comic.

What the heck!!! the title of this review describes my feelings toward book 7.....how is it that Robert Kirkman continues to write such amazing stories!!!! Book 7 is brilliant and its expanding story isn't one to miss!!! 5/5, it is brilliant. We are introduced to a town that is safe away from the zombie horde. Kirkman created a town that we thought was safe, only to keep us on edge right until the very end. And the ending to book 7.....holy moly!!!! I want to read book 8 straight away!!!! Another major character dies! and a major character is critically wounded in battle, leaving you wondering if he/she survives!!!! Definite read. If you don't read The Walking Dead, you are missing out, there is no possible way to not love it. If there is an infinite amount of universes with infinite amount of possibilites, it is impossible for one of those universes to have a person who has read the walking dead not like it.

In Book Seven of The Walking Dead we rejoin our heroes in the Alexandria Safe-Zone.Unfortunately, the story hasn't had the same pop ever since they left the prison. Unfortunately, that doesn't change here, despite a game effort. Alexandria is a very different situation from the prison on paper, but that doesn't mean much, because it feels too similar and it

just isn't as interesting. Things do end on a high note though, and the story is looking up (a potential partially shown by Book Eight).Extras in this specific edition include the full-color comic book covers, assorted miscellaneous artwork (including artwork for a Walking Dead board game), and musings on the artwork by Robert Kirkman.Chapter 13 - Too Far GoneChapter 14 - No Way Out

Kirkman does a wonderful job of making the characters come to life. Once you pick up these books, you won't put them down. Although its a comic book, you get sucked into the story and start to pose the same questions that the characters do to each other. Its so much more than just zombies, its a story of human nature and how far anyone will go to survive. Once you've read enough of these books, you can start to see parallels in the TV show. I find myself telling all my friends how the comic and the show are different, but how similar they are too. Even if you don't like comic books, you'll love this series.
