If you're new to the plant-based lifestyle and feeling apprehensive about preparing a holiday dish or several dishes for your family, fret no more! Jill's Plant-Based Thanksgiving Dinner 2016 is a collection of recipes I prepared during Jill's Live Thanksgiving Palooza, a three-day cooking show I produced live on YouTube. ## Customer Reviews

OMG! My meat based family absolutely LOVED the food I cooked from this. I made the corn bread dressing, (requiring me to make the eggy tofu and cornbread from these recipes), the "cheese" balls, (ranch flavored, requiring making the ranch seasoning, the cultured cashew cheese from the recipes), and the mashed potatoes. I would have made more, but it took me quite a few days. Since I love to make my own milk and yogurt for use on Thanksgiving, and my family's request of my sweet potato souffle - veganized, I didn't have time to make all the recipes in this book. I had to start prepping days ahead of time. I recommend watching Jill's videos on cooking these recipes and which to cook ahead of time. Before Jill's videos that cover this cookbook I had no idea casseroles could be cooked ahead of time, and reheated. (figuring out how to reheat these in an oven on the big day is another story entirely.) But, oh my goodness! The eggy tofu - when in the corn bread dressing, my family just ate it up. Cooked alone, that eggy tofu is so delicious and so simple to make. My picky eater grandson found food he liked at the dinner table - the mashed potatoes were a great hit for him, along with a bit of the cornbread dressing. Later, after dinner, I asked everyone what they thought of the tofu, should I cut it in smaller blocks - eliminate it? They all looked at me with puzzled faces, "What tofu?" They asked. Now, my two adult daughters grew up eating tofu in miso soup, etc. They are very picky tofu eaters. ONLY in miso soup, only super soft tofu. So, they were no strangers to tofu. And they had no clue I threw in tofu into the mixture. But, there it was sticking out in big square chunks - they just ate it all up without question. I call this Thanksgiving a success thanks to Jill's cook book.

Vegans and Plant Based Low Fat eaters are particularly stressed and often alienated at Thanksgiving. Especially their first thanksgiving! This book and the YouTube videos featuring these recipes will help anyone feeling confused about how to eat festively without meat, eggs, and dairy. I'll be the first to admit that Jill's style (enjoyed by many) gets on my nerves and sometimes I watch her videos muted. That being said she works hard to make this healthiest of lifestyles understandable

and doable for everyone. I admire her for that.

Thank you Jill for these great recipes just in time for the holidays. I watched all your youtube videos for your early Thanksgiving from start to finish and even did a repeat on the vegan cheese video. Keep up the good work. Hope you have great holidays in the coming season and during your usual holiday time off. Bless you and your family. Sincerely Janet Collins

Jill's recipes are amazing! The mashed potatoes and gravy made my Thanksgiving dinner so special. You can't go wrong with any of her recipes. She is such a joy to watch on youtube and I own several of her books.

I watched the videos first, then ordered the Kindle book. I have now made several of the recipes. Tasty and easy. I might have to tweak a few for our taste buds, but that's with any recipe. Love Jill's open friendly way.

Jill pulls it off again! Tasty and healthy dishes that are easy and require "normal" ingredients! The pictures in this book are beautiful as well!

I watched her 3-day demos and am so excited to try these recipes! I'll be making the dinner rolls for Christmas dinner!

If you're looking for easy holiday recipes that are not only plant-based, but mostly oil free, this is the ebook for you! And Jill is always happy to answer any questions!
