Il voue une grande passion aux voitures anciennes et $\tilde{A}f\hat{A}$ la gastronomie. --This text refers to the Paperback edition.

Purchased this Livre Audio (French language audio book) as a gift for a Harry Potter fan taking HS French 3. The recordings are high quality with a native French speaker, so it makes following the familiar story easy. Because the story is familiar, you can perfect your ear and accent. If the mp3's are loaded onto an ipod, you can adjust the speed of the speech to make it easier to understand.

Adler's Foreign Books is the best book seller I've dealt with in a very, very long time. Package arrived within about 4 days, well before the earliest estimated delivery date. Book in beautiful condition, as described! Makes my review of French grammar & vocab so much fun, translation seems excellent.

This book is wonderful and is one of the best ways to study French. It is by far the best and most enjoyable learning tool for its cost. The vocabulary is just diverse enough to stretch the dedicated student, but comes in the midst of an engrossing story which will draw any reader through chapters and chapters of beloved story. The familiarity of Harry Potter is a great asset in reading this book, as it can help you understand the story and figure out unfamiliar words. Also, it motivates you to read the entire thing from start to finish. Harry Potter is highly entertaining in any language and will provide a great learning experience. I read this book for fun in English, and it was still fun when I read it in French. Learning the language just comes as a nice bonus.

I have to admit that I enjoyed book four less than the other three--when I read it in English. For some reason the story seemed fragmentary, overly complex, and poorly focused. I felt the movie brought a greater sense of direction and theme to the story. After having read the book again in French, however, I'm inclined to feel I misjudged it. I suppose, having to focus my own attention more closely to read the material in a foreign language, I saw the mental lines along which the story was constructed more clearly. The author is truely brilliant. As before, this book in French, too, is a

wonderful way to learn the language. Book four is definitely more complex in vocabularly and gramatical structure than the earlier books, just as it is in English, but also as in English, it coaxes the reader along, encouraging him or her to stretch a little bit to understand that word or that sentence, to be just a bit more patient and put it all together. Reading Harry in French gave me once again that same sense of joy I had when learning to read in the first place.

I am learning French and bought the Harry Potter books to supplement my textbook and the language-learning apps I put on my phone. So far, just from flipping through the pages, I know that it will be both rewarding and challenging to learn Harry Potter through the lense of another language and culture.

I bought this book to practice my French. I've read the Harry Potter books so often that it has already helped me pick up on the syntax and grammar. Paired with two French-learning apps and my French textbook, I think I have the next three semesters of French in the bag!

All of the Harry Potter books are very good. J.K. Rowling is a proficient writers with a keen intellect and a vast knowledge of human nature. I've only read the books in French but I've seen the movies in Engish. The books are better than the movies in my opinion and and the movies are top drawer.

love it!
