# Promises Reveal (Promise Series Book 4)

## Synopsis

Dedicated artist Evie Washington doesn't fancy herself the marrying kind. But the moment she admitted that her faceless portrait of a naked man was modeled on the devilishly handsome Reverend Swanson, the whole town assumed her innocence had been ruined. Now her family's determined to save her reputation—even if it means taking away her hard-won freedom. It's Brad "Shadow" Swanson's preacher status that's a pose to avoid the law. Now he's been convicted of the one crime he didn't commit. And if he doesn't step up and marry Evie, he'll have to admit his true identity and replace his collar with a noose. Of course, a life sentence in the spirited beauty's bed wouldn't exactly be torture—and it just might be the key to making an honest man out of him.

## Customer Reviews

I loved each of the stories. Loved Evie and Brad's story. He was once Shadows Svenson, notorious outlaw, with a heart of gold. Assuming the guise of a law abiding citizen, none other than a

preacher Brad Swanson... has him wondering if he will manage to keep his heart intact especially when everyone finds out who he really is! She needs spectacles although tongues are wagging at her latest blunder. Compromising her virtue and that of Brad Swanson! A shotgun...a declaration...and tidbits, ensues mayhem. This is one series to not miss! I really wish Sarah would write a follow-up book tying up the couple's. Would love to know each couple had children and blessed lives. It's just the romantic in me that wants to see it!

Of the 4 in the series, this one has more background information for the main characters. It's a good story just different from the others. the story doesn't concentrate on the relationship between the main char., but shares about their past life more and explains things. There is violence but it is part of the story. In the other 3 books the violence that was there seemed more incidental to the story. There are more people in this one also, because all the characters from the previous stories are there. This is a good series, if you enjoy this kind of book get it.

I found this book weak in comparison to the previous Promises books. There was a lack of hot sex scenes, which let's be honest is really important in these books because without that what else do you have? Certainly not compelling characters with multi-layer conflicts and unique stories. It is the same story again and again. Dominant male falls in love against his better judgement with woman who gives him his heart back. Yeah, yeah but what makes the same story readable are the hot hard core sex scenes. I would re-read one of Sarah's older books and pretend it's a new one. It will be more fulfilling.

A complex story with mystery and sex in the old west. This is a wonderful read with lots of emotion. This is a Great Series

Promises Lingered (Promises Series-4 books)By: Sarah McCartyBook ONE, Then Promises Keep, Promises Prevail. Promises Reveal This series starts in 1869 Wyoming Territory and is what feels to be a very authentic period piece, like her other series HELLS EIGHT. I thoroughly enjoy the cowboy way, and the proud ways of the time, This author is a very good writer, and I wasn't disappointed when starting the new series, because in some ways it felt the same, yet a much different story line, you'll still get the steamy sex (yes, Erotic) These men love to protect their woman. And honor is everything. Even the authentic verbiage. I highly recommend either series, I have read both (totally 9 books, she gets all 5 starts from me)I do have to say....I would start with the Hell's eight first, it's

more of a page turner, this was a comfortable pace!

I enjoyed the whole series and although this was not as great as the first three; I wouldn't have missed reading it. I'm hoping for more! The only real complaint I have is that the book was a small sized book (trade size I believe) unlike the other three which were larger. It doesn't match the first three and looks funny on my bookshelf! Oh well. Thanks for a very good series Dear Authoress. I have enjoyed them immensely.

And in the case of Brad, Evie's portrait lands him in a most uncompromising position. As the two struggle for marital Bliss's...It becomes a lesson in Patience 4 both. This book was funny with many sighs as Brad is the ultimate hero past & present. Gotta love that Shadow.

As always Sarah McCarty books are a good read I enjoy reading her books I have a few of the different series. You will like them also.
