AWESOME book INDEED very informative and easy to understand. Respiratory Therapist and ALL medical staff of ANY specialty are HIGHLY valued and appreciated beyond what words can express. My best blessings this book and the knowledge inside of it.

The Mosby book is difficult. This workbook helped make it understandable. It's organized by

objectives for each chapter. My instructor teaches by those objectives so it was perfect for her class. I got an A in the course and know I couldn't have done it without this workbook. Well worth the money!
