## Customer Reviews

Ok, indeed, I have heard about bitcoin previously. What I didn't know is that 900 cryptocurrencies are available now. And I suggest it is just a start of the really big story. However, it's hard to predict how exactly all these digital currencies will develop.

This is a really excellent book and very well written book. It contains simple guidelines that are very easy to take after. This is a good information in this book. It is a great introduction to Bitcoin and in depth analysis. Highly recommend it.

The author found a good balance between monetary concepts and the technical aspects of the new currency. It also contains simple guidelines that very easy to take after. I would highly recommended to read this book everyone.

This cryptocurrency controls the security of transactions as well as the mining of new coins. This info is new to me and with this book I was able to know more about this guide as well.

Great book! This book contains well explained and well detailed information about cryptocurrency that very helpful. It also contains simple guidelines that very easy to take after. Well presented guide book about cryptocurrency. Perfect reference for beginners. Recommended.

What a great guide to start off with the cryptocurrency!!! I already made \$1500 in profit. I reallllyyy Love it.....

Now I understand the basic concept of cryptocurrency, its potentially massive benefits, as well as the well known risks. This book is a great teacher. Nice write up

This is a great introduction to Bitcoin and in depth analysis of why you should be paying attention to this ingenious technology. Start your passive income today.
