Dusty's Diary: One Frustrated Man's Apocalypse Story

Synopsis

One Frustrated Man's Apocalypse Story I played all those cool video games. I watched all those movies. I even read the books. In most of 'em, the hero shoots the bad guys, drives a sweet car, never gets hungry, and always seems to get laid by the end. Yeah. Whatever. I gotta be straight with you about why I wrote this journal, and it comes down to one thing, the apocalypse kinda sucks. It doesn't meet my expectations at all. Honestly, I was looking forward to it. I mean, I really was. It's not that I wanted to see everybody die. But holy crap, I was so tired of all the BS I had to put up with back in the old days, the never-ending mortgage, high-interest credit cards, cholesterol clogging my arteries, thinning hair, and a thickening midsection. I was tired of dealing with jerk-off drivers during rush hour, and I was tired of my ex-wife yammering at me on the phone until my brains turned to jelly. Things kept getting more expensive, and my paycheck kept staying the same size. After enough of that, any sort of reboot seemed like a good idea. So, read my story, and you'll see how that went.

Customer Reviews

End of the world with humor. Dusty is so real, it's like the guy next door dealing with a new scary world and also never getting over his 12 yr old sex fantasies. This book is a treat. As a mother of 2 sons and the grandmother of 3 boys I get it.

Dusty is truly an every-man. I feel like I know him, he could have been my brother or my best-friend's husband. The pages are just the right length, the language is perfect for a blue-collar working bee, and the story line keeps me coming back for more. I highly recommend!

I am not a fan of post apocalyptic fiction, but this was a really fun read. The character developed seemed very genuine. The plot was very interesting for only having one character. Would love to read more.

Fun and easy to read and an interesting variation of a "zombie" apocalypse. But it does end in the middle of the story with no resolution, but I see there are two more books...

Really cute short story...All about a guy who finds himself alone after the apocalypse ...He spends years holed up in his bunker and eventually goes topside...Pretty good storyline

The protagonist is charming and the way Bobby has written this is brilliant. A great read and I guess the only problem is I want more.... oh look over there - book two! And three out soon as well!

Dusty's Diary left me wanting more! Dusty is a down to earth character that can easily be related to. I must get the next installment immediately!

The average guy's take on the mushroom apocalypse in journal form. Quick, fun read that leaves you wondering how ole Dusty made out.
