Product Dimensions: 5 x 0.5 x 0.3 inches

Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars 25 customer reviews

Best Sellers Rank: #70,091 in Books (See Top 100 in Books) #51 in [Books > Self-Help > Relationships > Mate Seeking](#) #191 in [Books > Comics & Graphic Novels > Manga > Science Fiction](#) #397 in [Books > Comics & Graphic Novels > Manga > Fantasy](#)

## Customer Reviews

OKAYADO is a Japanese manga artist best known for his New York Times best selling series Monster Musume and 12 Beast. He recently visited North America for the first time as a special guest at Anime Expo 2016.

Another great entry in the Monster Musume series, also LaLa finally gets some time and she is adorable. Mero is also very good and good to see the greater world building. If you love monster girls and are a huge fan of the Musume series, buy it. However if you are not already a fan and the other volumes did not cut it for you, well this is not going to do it either.

Volume 9 of Okaydo's Monster Musume prominently features both Mero and Lala on the cover and for good reason, as both girls have stories that take up a majority of this particular entry into the series. Beginning with Mero who when we last left off was about to introduce us to her mother, who we meet, and learn that the apple truly doesn't fall too far from the tree when it comes to their love for romantic tragedies. Afterwards is Lala's story, where she joins the luckless Kimihito in the hospital as he recovers from the ending of Mero's story. Here Lala meets a girl who is on the brink of death, and being a real life messenger of the afterlife, she decides to take on this little girls case

herself. Only two major plots this time round, which makes the book feel more complete but somewhat shorter than the previous few volumes. As always Seven Seas continues to amaze me with their horridness dialogue choices, making what should be a simple sentence into a complex and stupid pun filled experience. I found that skimming through the text actually seemed to help, but I still recommend that anyone who wants a more literal translation of what the Japanese reads should go find one of the few groups who are doing fan translations. And don't feel bad about it, you already bought this book and supported the author, so at the very least you should be able to enjoy the true experience.

Good series.

The new volume of Monster Musume is out and this one is another winner. Our resident drama queen Mero has been ordered home by her mother, an actual queen, and the gang tags along. They soon find themselves in palace intrigue and matching wits with a scylla named Octo. I am going to assume in the original format, Octo spoke with a regional Japanese accent; for the translation, it sounds like she's from the Deep South. We also find out where Mero gets her doomed romance fixation. If anything, Mother takes matters to a level greater than Mero ever has and it leads to a great climax. The second story stars Lala. She meets a girl with a terminal illness who takes advantage of the opportunity to speak with a grim reaper about what will happen when she dies. Lala decides she wants to do something but it might involve breaking the rules on interfering with someone's fate. Kimihito points out "From the time you first meet someone, you've already started to interfere with their fate, haven't you?" Lala's solution shows she is new at helping people but her heart's in the right place and she might just have done the right thing.

Scylla is a wonderful addition to the series!

The artwork? Awesome! The story/plot line? Continuously lighthearted. The entertainment value? Priceless! I already have volumes 1-8 in paperback but I'm tempted to re-buy them all for my kindle collection. Now on to volume 10!

Great series. Just as much fun as the Rosario + Vampire series. The poor guy, never gets a break.. lol The artwork is top shelf in every way, and the writing is as well. If you enjoy the "harem" style magna, this will please.

I really enjoy the artwork in this series and all the naughtiness is light and cute. If you're looking for a little guilty pleasure with eye candy, Monster Musume is for you!
