Customer Reviews

This ""guide" is only 52 pages long and that's mainly due to large fonts. The vague introduction is full of grammatical errors and offers little insight. The restaurants are listed in alphabetical order instead of by cuisine, neighborhood, or price range. If I knew the name of a restaurant I want to visit

it would just be easier to use Google or Yelp. The description of each restaurant is only one or two sentences long. I recommend not to buy this book.
