Customer Reviews

I use this in the back yard and on hikes.

Very helpful in identifying local butterflies. Easy to use. Easy to carry. Just enough information for a take along guide.

Extremely handy for someone out of the area getting familiar with local BF. Great photos.

Just a small brochure, but I've used it to identify every butterfly I've spotted. It's laminated, too, so if

you take it along on a hike, it won't get damaged. Brilliant!

Excellent quality for a pamphlet, sturdy & laminated, nice photos. Small enough to carry in a field bag, large enough for easy reading.
