Customer Reviews

of course, the first one I read. met the author and he really is the cutest boy in the world. you will lol and get some good recipes. don't let daddy die. hahahah

This book is filled with such down-home humor and great recipes. Such a fun read, and tips for some great food.

This book is a delightful read! The recipes are not written like usual, but rather "take a big ole handfull of ..." and "stand back cuz you're gonna get trampled" but all the ingredients are there so you can make the stuff. The financial planner is tongue in cheek but actually makes sense in an offbeat sort of way. I love this book.

I listened to this book on CD the first time. But that just made me want to buy the book as the recipes were Southern and different and yummy! And so I needed to do something besides try to take notes on the recipes. Besides I love Jill Conner Browne and the Sweet Potato Queens. Plan to join the parade one of these days!

It's sweet potato queens. What more to say. If you don't know about them then purchase and learn. You won't be disappointed.

The SPQ's are always fun! This book contains more recipes than the other books by this author, and some of them are positively drool-inducing. It's fun just to read, even if you never make "Pig Candy" or any of the other recipes.

This book was given to me by my sheep shearer after my mom died. I was sad and she knew I needed to smile again. And smile I did. And share I have with others needing to smile. (actually - laugh out loud). I read it out loud to my husband and he laughed with me. I am again ordering 3 more. Friends keep wanting to borrow my copy, so I keep them on hand to give away. It helps that the recipes are really good. My husband loves the Margarita recipe best. We have tried many of the recipes and been pleasantly surprised that they are each keepers, and become regulars on our menus. I would not be without this cookbook, read it again and laugh again each time.

This book will leave you laughing out loud and keep your mouth watering.
