This seems like a good book for using a halogen oven. You have to convert temperatures because Nuwave doesn't use a classic temperature setting model that all other halogen ovens use. This cookbook for the Nu-Wave oven that has recipes I'm actually looking forward to make. These sound good and the ones I've made so far are good and easy. Thank you and enjoy your meal and enjoy your day.

This book is no ordinary cookbook as it has all the important details of nuwave oven as a medium of

cooking. In this book you will various mouthwatering recipes. The instructions are also easy to comprehend and easy to follow. I love this new oven technology for cooking. It is one way of cooking healthy, delicious and easy recipe. So if you are a person who is new to the oven and want to know better how to use it, then this book will help.

I find the recipes interesting, although I haven't tried any yet. The NuWave solves both problems and there is no excess heat being generated. It is also a great technology which will help you to cook great food in your oven and also in a very short time. And all these recipes are very easy to cook and also very delicious in taste. I have been following this book for a while and I am very pleased with it. I love this appliance.
