If you're like me, you've read Regardie. Mathers. Gardner. You've practiced through Penczac's Inner Temple. Attuned to Reiki. Learned Alpha meditation, Theta meditation, and (mainly) fallen asleep in Delta. You've affirmed, zeroed, yoga'd, ho'opo'ono'onoed, taiji'd, circled, built altars, astral traveled, self-initiated, joined Masons or some other lodge, chaos'd, self-hypnotized, Quantum Touched, Theta Commanded, gone to classes, bought audio programs, video programs, internet programs, are on 10 different email lists, and banished daily. All for questionable results. Until now. If you're reading this, you haven't done it. Stop reading. The rituals are easy. Explanations are plain, in common language, and prevalent. Descriptions are many. The banishing ritual, instead of waving stuff around and chanting for 5 minutes that makes your spouse wonder if they should call a priest or exorcist, can be mentally done and felt quickly. And if you do the Master Protection Ritual for all 33 days, you'll notice threads and imbedded meanings within it, and how it is subtly changing you. Well, at least that's what I found.

This author doesn't waste any time getting right to the practical application of working with the Magickal Angels of protection. His style of writing is clear, concise, humble, yet extremely effective and powerful! I am tempted at this point, to buy all of his books. It's funny how the Universe knows just when and just what book to put in your hands at the right time. If you've run across this book, my message to you is to listen to your guidance and read it. I've read just about every book out there on Magickal Protection, and NONE of them worked like this one. Consider your problem done....over...once you read this book. It has a high vibrational energy to it, which is nice, because it allows you to take back your own power without causing harm to anyone else, or future karma for

yourself. I'd rate it 6 Stars if I could. Best Book!

Here in New England, we have had an awful year for snow. Having had so much of it throughout the winter, I should have been driving at a much slower pace than I was, while I was driving home from work in yet another snow squall on Friday. I don't know if I thought that the snow was still lighter at that point, or what. But the roads were untouched, they hadn't been treated with salt or plowed, and as I went around a corner going up a hill at 45 miles per hour in a 45 mph zone, I lost control of the car. I was most certainly going crash into the guard rail on the opposite side of the road. I had split seconds to think about the Angels in the Sword Ritual that I had been doing in the morning and evenings, and in my mind, I called out to these Angels in sheer panic, saying "Guys, please help me not crash!" and it took a couple of seconds (it felt like lifetimes!) but I was able to get the car under control and did not crash. Not only that, but even though I slowed down a lot, there are certain spots on back roads that give me a lot of trouble when it snows, but I didn't not even have any trouble at all the rest of the way home. There is no doubt about it, the Angels from the rituals in this jewel of a book will protect you physically. You may not realize how extremely valuable that is until you are in serious jeopardy and wish that someone would come through to help you. If you are on the fence about buying this book, do yourself a GREAT FAVOR and JUST BUY IT. Do the Sword Ritual & Master Ritual and get the attention of these Holy Angels, because believe me when I say that you want them there for you during your time of need. The Master Ritual also has brought the requested peace and harmony into my life. My boss is going through a rough time in her life, she doesn't separate work from home, and she has been extremely difficult to work with, to the point where I have wanted to quit. The last week or so since I started the rituals in this book, she has miraculously calmed down for the first time in months. The Sword Ritual & the Master Ritual have greatly enhanced so many areas of my life. It was sheer luck that I came across the books written by this author, because the rituals in each and every one of his books keep rapidly propelling me towards the kind of life that I want to live. Especially this book, where you are asking the Angels to safeguard you from all harm & negativity, and to change your bad luck to good, and to give everything you do a positive boost. Having these Angels in your corner will be extremely valuable to you, this is not to miss out on.

I have been practicing Magic for over 22 years and while the authors knowledge of Hebrew transliteration leaves something to be desired (kaph is a hard "k" sound not a hard "ch" like chet) the pronunciation guides are effective, and more importantly the Magic is effective. I had been dealing

with severe crossed conditions and curses from trained magicians and had been doing the necessary LBRP and LBRH to keep the harm at bay but from the very first the Sword Banishing Ritual and the Master Protection Ritual were instantly and powerfully effective, through using them I was able to completely overcome the negative conditions caused by the harmful workings against me. This meant a great deal to me and provided an enormous amount of relief especially since I was not required to use harmful magic to destroy those attacking me. These books are straight forward and easy to use and fill a real need for practical workings which can improve the life of the practitioner here and now.
