Bridget Edwards has been decorating cookies for more than a decade and eating them for as long as she can remember. A self-taught cookie decorator, Bridget started the blog *Bake at 350*, [bakeat350.blogspot.com](http://bakeat350.blogspot.com), in 2007 to share the secrets of cookie decorating through easy to follow

step-by-step tutorials. Her cookies have been featured on MarthaStewart.com, Texas Live Magazine, FoodGawker, and The Official Star Wars Blog. In 2010, she was thrilled to host a cookie decorating workshop with Ree Drummond, The Pioneer Woman. Bridget lives in Texas with her husband, son, and two kitties.

I checked this out from my local library and knew after making The vanilla almond recipe I had to have this book permanently. The decorating ideas are adorable and creative. Her step by step instructions make cookie decorating much easier for a beginner. Decorating cookies is NOT easy, but this book makes it as easy as it can be.

The book has good ideas for decorating some sugar cookies I've made in the past. I thought it would be a good buy for the ideas and it was. Haven't used it much though but glad I purchased it. Very colorful book. Quick delivery. Good price. I probably would buy another by this author, just haven't looked.

This is the best cookie decorating book, filled with good practical step by step with photos. Answered some of my questions about technique (how to keep dark colors from bleeding into light ones), and contains the best sugar cookie recipes I have tried; so many compliments and appreciative giftees! Buy this book! You will be glad you did - I sent cookies to Djabouti (yup, real country) for my grandson in the Army - 3 weeks later and they arrived intact and delicious. Cookies don't go stale if kept airtight.

First off, the pictures are amazing. The whole book is very well done. This book is fantastic for aspiring bakers. It really shows how it is done step-by-step. I bought this for a friend and she LOVED it. This book is a bargain for the price and you will not regret it. My review will be brief only because I do not bake but the person I got it for loved it.

This has become my cookie bible. Bridget really produced a beautiful book and it is so easy to follow. I have been making royal icing decorated cookies for a year and there really is not one cookie in the book that I would not attempt because her instructions are excellent. I've made quite a few and I have been so happy with the finished cookie. Tons of information. A must have for the cookie maker.

Daughter in law requested this book for Christmas. She enjoys making cut out cookies and decorating them. She has learned a lot from the book and has made beautiful cookies from the ideas and instructions in the book.

This book has the best recipes for cookies. They roll out perfectly and the way she explains how to make and use the royal icing is priceless. I use you tube videos and this book and made professional looking cookies for the holidays. I recommend it.

I bake and decorate a lot of cookies and have a lot of cookie books. This one is one of my favorite. The cookie recipes in this book are wonderful and the decorating techniques are so colorful and easy to follow. This is my go to book when I need to review a technique. Best cookie book purchase I have ever made.
