Baking With Mary Berry

Synopsis

A sweet and savory collection of more than 100 foolproof recipes from the reigning "Queen of Baking" Mary Berry, who has made her way into American homes through ABC's primetime series, *The Great Holiday Baking Show*, and the PBS series, *The Great British Baking Show*. *Baking with Mary Berry* draws on Mary's more than 60 years in the kitchen, with tips and step-by-step instructions for bakers just starting out and full-color photographs of finished dishes throughout. The recipes follow Mary's prescription for dishes that are no fuss, practical, and foolproof—from breakfast goods to cookies, cakes, pastries, and pies, to special occasion desserts such as cheesecake and soufflés, to British favorites that will inspire. Whether you're tempted by Mary's Heavenly Chocolate Cake and Best-Ever Brownies, intrigued by her Mincemeat and Almond Tart or Magic Lemon Pudding, or inspired by her Rich Fruit Christmas Cake and Ultimate Chocolate Roulade, the straightforward yet special recipes in *Baking with Mary Berry* will prove, as one reviewer has said of her recipes, "if you can read, you can cook."

"[T]he book satisfies on a number of levels. The recipes themselves are clear and concise and the offerings wide ranging. A solid guide, not just for fans of the show but it's those fans (and their numbers are growing in the U.S.) who will be clamoring for copies." —Booklist

Mary Berry is one of the UK's best-loved and most respected cooking writers and bakers, with more than 80 books to her name and over 6 million copies sold. She is a judge on the primetime ABC series *The Great Holiday Baking Show* and the PBS series *The Great British Baking Show*, based

on the hit BBC TV program (The Great British Bake Off). Her focus on family food and on recipes that are no fuss, practical, and foolproof have won her a legion of fans worldwide. She lives in England and has five grandchildren with whom she regularly bakes.

Okay, so I got this because I'm a HUGE fan of The Great British Bake Off and I always want to make the stuff on the show. Do you need to be a fan of the show or know Mary Berry to want this cookbook? No. If you love the show will you like the cookbook? YES. There is a huge range of recipes from zucchini bread to Heavenly Chocolate Cake with everything in between like French Pancakes. You get a pretty picture, list of ingredients, and the directions. All of it was or looks simple-- most had 3 - 5 steps and basic ingredients like flour, sugar, butter. And the one ingredient I had to buy (sunflower oil) was easily available at the grocery store (I live in a large city). I first made the Zucchini Loaf (8 ingredients/ 4 steps) and it was delicious. So good I served it as a "side" with dinner because I couldn't stop eating it. To be honest the only thing I thought that might be a bummer was that I was going to have to convert the measurements the way I sometimes have to for European cookbooks/blogs but I didn't. This is definitely a good buy for fans of Mary Berry, The Great British Bake Off, or as a gift for anyone who enjoys baking-- or wants to start.

So far everything I have tried from this cookbook has turned out beautifully. I first saw her on the American version of the great Christmas bake off. Very good book wonderful photography as well. Well done.

Received this today after watching the show and am excited to dive in. One disappointing thing is that there aren't pictures of every recipe. Since I'm unfamiliar with some of these treats, I wish I had a picture so I knew what it was supposed to look like. Love Mary and am excited to bake!

I want to make all the recipes. It's like Mary is next to you guiding you right to the end

The book arrived on time and in excellent condition. I'm enjoying the book, well written, with great pictures. I'm a fan of Mary Berry and this is some of her delicious recipes.

Mary Berry delivers on the page just as she does on the screen. Recipes are clear--easy to understand, and the illustrations support the process. I view this on my iPad, and unlike other books, this one really works in this format. I'm glad I made this purchase.

Love her recipes, haven't tried any yet, but will be soon. Wanted to bake some English recipes, so this was the right book.

Love the book. Great recipes to try. Her instructions are excellent.
