Introduction To Automotive Service (Automotive Comprehensive Books)

Synopsis

Introduction to Automotive Service covers all eight areas of automotive service, plus the soft skills and tool knowledge that you must know when seeking entry-level employment. The text presents all systems together, making it easier for you to see how automotive systems are intertwined and connected. The text's 40 short chapters divide the content into individual topics to make it easier for you to learn and master the material. Offering a solid foundation in the basics, this text uniquely addresses simple inspection and service procedures without being overwhelming.

Customer Reviews

Required book for auto class. We usually rent our books but decided to spend the money on this book because it is a help reference book as well.

Excellent purchase arrived early

Excellent book!

A great book. Easy for high schoolers to read and understand. Only one suggestion to the author: Move shop safety to chptr 1.
