Customer Reviews

Dorthea Hover-Kramer ,Ed. D., RN, is a nurse and Licensed Clinical Psychologist in private practice in California. She is also a Certified Healing Touch Practitioner and Instructor.

I purchased this book to find good information on energy healing. This book is a disappointment. About a half of it - I consider as an advertisement of the Healing Touch program and certification. You do not need to be a nurse or massage therapist in order to help and heal others, nor to be a certified in HT. This book is not for a BEGINNER, it has a very little understandable info on energy healing basics. I have to give it a credit for a few healing practices that I found interesting. That is it, nothing new or unique, as they claim. I would suggest Barbara Brennan "Hands of Light" for anyone

interested in learning energy healing.

Of all the books I have purchased on Healing Touch, this is definitely one of the best. It covers most areas one would need to begin a Healing Touch practice. I recommend it with confidence.

This book is a nice addition to the Levels 1 - 3 workbooks. It adds more depth than the workbooks can provide.

this is a very informative book about healing touch with lots of practical exercises and applications. Suggested for purchase when taking Healing Touch workshop and well worth it.

I thought the book was very well written, and easy to understand. The hand position techniques were very helpful. My instructor recommended it.

Useful information for Healing Touch practitioners.

great thanks!

A good book to learn from, good techniques.
