Customer Reviews

I enjoyed reading this story. everyone has some kind of problems some you can see and some you can't. it's Great when you are not sure if things will work out.

I loved this book just like all the books in this series.It is sweet and loving and then mad as a hornet but so good.zi couldn't put it down.

Can't wait for the next book in the series! Hurry Indiana!! I would recommend this series to all my friends! Love this author!

Yep this was a short novella, it took a short time to read and enjoy it. I had a badly mangled leg from being thrown and drugged by my horse so I felt the hero's pain. Like him I had a loving spouse to help me. Indiana and Belle stories are so realistic. This is a sweet book that you can enjoy when you need a coffee or tea break, setting in the car waiting for the kids to get out of school or like me having a read-a-thon on a Saturday night when everyone has gone to bed. Now I'm heading to find another one of this duals novella. You enjoy this one and all of their other stories.

I enjoyed this clean Historical Western Romance. I voluntarily chose to review it and have given it a 4.5* rating.This was an interesting mix but they liked each other right away. Now they needed to get to know each other better.There is a little bit of mystery in this too. Now on to the next one.

A Pony Express Rider was hurt in an accident, his leg was taking longer to heal and he became lonely so his friend suggests that he post an advertisement for a Bride. A young lady that was dissatisfied with her life answered an advertisement for a Bride and they got acquainted with her coming west to marry him. He didn't want help with the pain and gave everyone including the Bride. A must read for those who enjoy historical western romance kindle books from at a special price and from a duo of special authors who keep me entertained throughout the entire book before putting it down.

This book has an easy to follow plot and interesting characters. I recommend this book to all lovers of clean, historical, romance novels.

Another great story by this talented author. I have enjoyed reading her other stories and I look

forward to reading more.
