## Customer Reviews

Text: English (translation) Original Language: French --This text refers to an out of print or unavailable edition of this title.

I like most, was looking for ancestry information and this helped fill in some of the blanks. I didn't learn much French-Canadian history in school, but if I had, I would have learned my ancestors played an important role in helping establish New France amongst other things. The book is worth the price, and is even illustrated, which surprised me. I plan on buying others in the future!

In good shape. Hope to find more.
