The Secret To Attracting Love

Synopsis

Attract True Love Like a Magnet In order to attract your true love, you have to believe you are able to attract the right person into your life. True love comes to you, not by chance, but through who you are. Thoughts and feelings emit vibrations that literally act as magnets drawing in people and circumstances that resonate with what you think and feel about yourself. Through the power of proven visualization and reprogramming techniques, you'll overcome inner obstacles to receiving love. As your heart opens to experience more joy and fulfillment, you'll exude a radiant energy field that attracts the love you desire.

With over 2 million audio programs in print, Kelly Howell is highly acclaimed for her pioneering work in healing and mind expansion. She's been actively involved in personal development and consciousness research for more than two decades and is recognized as a thought-leader in the field of personal transformation. In the early 1980's, Kelly began her research into the mind and its potential as part of her own personal exploration. She began making personalized reprogramming tapes in her living room, and was astounded by the results. Seeing powerful changes in her life and her clients' lives, led to years of research and production. In 1990 she formed Brain Sync offering a wide range of CDs and mp3 downloads for meditation, healing, spiritual growth and mind expansion. Over the years, Kelly has worked in cooperation with eminent scientists, medical professionals, brain researchers and spiritual teachers to develop her groundbreaking transformational audio techniques. Her clinically proven Brain Wave Therapy CDs are embraced by

both individual users and by medical professionals. In 2005 Kelly launched Theatre of the Mind podcasts as an experiment. She says, I started Theatre of the Mind with the idea that the more we understand the inextricable connection between thought and reality, the more power we have to transform ourselves, our lives and the world. My intention is to make it easier to deepen our understanding of Mind, and apply this knowledge to create real results." Theatre of the Mind podcasts offer unprecedented access to some of the world's leading visionaries and consciousness researchers exploring mind expansion intuition, creativity and the many facets of human potential. Today, Theatre of the Mind consistently ranks in the iTunes Top 10 most downloaded Self-help, Health, and Alternative Medicine podcasts producing over 100,000 downloads per month.

This is a lovely CD. Kelly's voice is so soothing, when time comes to Invision your dream relationship, Kelly has gently drifted you to a deep relaxed, highly expecting state of mind. You will like this. Will also help you pin point just exactly what kind of man or woman you'd like to be with .

I really am a firm believer in The Law Of Attraction and all of The Secret books, DVD's and CD's are wonderful. It is amazing how much this has helped me in my life! Buy it, you won't be sorry!

I have Kelly Howell's other "Secret" CD's and I absolutely love all of them. The first half is a guided meditation and the second half is just the sounds. I have only been using this specific one for about a week, and I already feel more open and positive about relationships. Also, one thing I love about all of these "Secret" cd's is the background sound. It isn't music, but it is very soothing and relaxing. I highly recommend these cd's to anyone and everyone, and everyone I know who has tried them, loves them as much as I do. Whenever I am feeling stressed out or negative, these cd's help me realign to a more positive place. Without fail!

Very intense. I listen for a couple of days, information absorb into my conscience. I believe it works but you have to stick with it, and also feel comfortable with the affect of changes brought on thru brain frequencies,.

Thank you for such great service, WONDERFUL!!!

I always feel so good after using this CD while I am relaxing. It calms my heart and know that all is well.

helpful

It a little long but a really good CD
