Crispy, crazy, cool. From individual APPLES to a graphic ZEBRA large enough for a party, here are 93 creative, crowd-pleasing projects that begin with just butter, marshmallows, and crispy rice cereal and end up wherever your imagination takes you. A giant dessert PIZZA, customized with coconut flake "cheese" and other candy toppings. Snack-size EMOJI, as delicious as they are expressive. A cake-sized CHEESEBURGER, the project that launched the Misterkrisp brand. Just mix, shape (with the help of 75 printable templates), decorate, and done! From DONUTS to DINOSAURS - and a FOOTBALL STADIUM (to steal the show at your annual Super Bowl party) to a ROBOT - these are easy, unique treats for birthdays, holidays, school events, and any other day that calls for dessert.

Such a great gift idea!! Very creative. Who wouldn't like to make these???

Each krispie concept is more creative than the last. I loved the guitar (pg. 145) so much I had to try it myself, because I know I play a bad guitar. I turned to her like a long lost friend when she advised to not let the marshmallows melt all the way down - to instead keep them lingering slowly and melting away. I stirred the krispie mix with a ladle that my grandmother had bought me, then laid it out lengthwise like a little scoop of plaster mix and began to paint on the icing. I'm not an artist and I don't paint quite a lot, so this helping friendly book made the treat come alive! And boy was I glad glad it was alive. I put it in the fridge so I could eat it in the morning and was waiting ALL night to take a taste of my creation. It was delicious, like a thick strawberry goo. She made it so simple!

Treat Yourself by Jessica Siskin is a wonderful treat. This informative and inspiring book provides you with hints, tips and a great collection of 93 fabulous and fun no-bake crispy rice treats. Offers everything from individual-sized treats to full size cakes. Provides step-by-step instructions and full color photos. I am posting an honest review after reading an ARC copy of this book.

It's a great play on household use of everyday simple ingredients. Most if all, helps the little ones familiar with kitchen preparation & proportions. An art project & edible too!

OMG (p. 167) this book rules! I avidly follow MisterKrisp (p. 287) (@mister\_krisp, p. 227) on the internet (p. 159), and I was delighted to hear about the release of this book (p. 51). I instantly bought two copies (one signed version), and plan to buy many more, as the book makes the absolutely perfect housewarming/iloveyou/birthday/christmas (p. 73)/chanukah (p. 201...passover but you know what I mean)/kwanzaa/otherholiday/engagement (p. 109)/wedding/heythereagoodfriend gift! Oh, and I tried making the treats myself and they are yummy AF too (p. 257)! So set the gearshift for the high gear of your soul, y'all...you've got to get this book and read it out of control (p. 145)! What a treat!

5+ starts for sure! This book is so much fun. The recipes are so easy to follow and the end product looks like Misterkrisp herself made it!! I bought 2 copies, one as a coffee table book, because it is a great conversation piece, and one to keep in the kitchen for my daughter and I to share. I particularly love the little blurbs that go along with each recipe!

This book is incredible!!! The PERFECT gift to give someone with all the ingredients. Makes making these creations super easy and fun!
