The Case For Christ Graduate Edition: A Journalist's Personal Investigation Of The Evidence For Jesus (Case For Christ Series For Students)

Synopsis

In *The Case for Christ Graduate Edition*, New York Times bestselling author Lee Strobel retraces his own spiritual journey from atheism to faith. Lee, former legal editor of the Chicago Tribune, cross-examines a dozen experts with doctorates who are specialists in the areas of old manuscripts, textual criticism, and biblical studies. Strobel challenges the experts with questions such as, How reliable is the New Testament? Does evidence for Jesus exist outside the Bible? Is there any reason to believe the resurrection was an actual event? In this beautifully decorated edition based on *The Case for Christ Student Edition*, Strobel's tough, point-blank questions make this bestselling book read like a captivating, fast-paced novel. But it's not fiction. It's a riveting quest for the truth about history's most compelling figure. Complimented with an exclusive interview with Strobel, this timeless book is one any graduate will want to keep and re-read for years to come.

I had read The Case For Christ and it helped me in solidifying my faith and my ability to share it. But this Student Edition was organized so well and super simple to understand and to relay to others. I am 70 plus years old and have been a Christian a long time, but still this helped me to be able to discuss what I believe and why I believe it. I recommend this book for searching ones of any age but especially for ones, like me, who want to be able to intelligently talk about Christ.

We gave this to our nephew who is going off to college this fall. We hope that we've put a good resource into his hands. We like the original series, and we're hoping that our nephew will be able to think critically as he engages in conversations that will make him think about truth and Jesus.

Very good read. A must read for anyone who is not sure or wavering in their Christian journey.

I think this book was interesting, it's not what changed my mind though, that was the gospel. I always think that the science is fun though you should also check out in six days by John Ashton: why 50 scientists believe in creation

The Case for Christ Graduate reinforced my belief in Jesus Christ and taught me information I was not aware of as a Christian.

It was a graduation gift.

awesome book, witnesses to any intelligent seeker
