I came across your books while on vacation, antiquing and country shopping and immediately bought For Bees & Me for a friend's birthday. She absolutely loved it! So I went and bought myself my own copy, plus Old-Fashioned Country Cookies too. Thank you for creating such wonderful books. - Sharon Meismer, Dearborn, MI I picked up a copy of Welcome Home For The Holidays, and have never seen such a wonderful cookbook. I had seen your books before and now I wonder why I waited so long! - Jamie Zimmerman, Hayward, WI

My daughter and I love Gooseberry Patch Cookbooks! We are trying to get the entire line of cookbooks. They have many recipes and have tips on every page, from decorating tips to cooking tips. You won't be disappointed.

Great!

I have collected many of the GB books and enjoy them so much. This book is not as full as others, probably could have combined fall and winter books. But it is enjoyable. The early GB books are the very best.

Everything Gooseberry Patch is wonderful.

Love it.

great

This book has awesome recipes and ideas. Highly recommend anything from Gooseberry Patch. You'll always get value for your money.

This book is just typical of the Gooseberry Patch recipe books. There are great recipes sent in by customers and friends of the two women who started this catalog. The recipes are always good. I have not tried one that has been hard, used weird ingredients, or didn't turn out excellently. There are nice comments at the start of each recipe suggesting pairings (applesauce is great with these pork chops, for example). And the end of each recipe is usually a little quote, a nice drawing, or some other little bonus. Although there are no pictures of the meals prepared, this series of Celebrate... are great cookbooks. Celebrate Winter is one of my favorites. I have made some great soups that I have not been ashamed to take to potlucks out of this recipe book. Great cookie recipes as well. This is a cookbook well worth the money. Enjoy.
