I create art in pencil, pen and ink, hand drawn digital art, charcoals, fine art oils, watercolors and markers. I have been drawing and painting since I was 5 years old and received my first commission for a magazine cover at age 11. I have illustrated adult coloring books, 90 published children's picture and coloring books, magazine and book covers, stories, t-shirt and website ad logos, cable TV ads, newspapers ads, greeting cards, print advertisements, retail displays, court room evidence, brochures, business cards, quilt designs, postcards, board games, calendars, convention posters, cartoon art, truck wrap ads, billboards and gallery shows. I appeared drawing show contestants on ABC TV's "Dating in the Dark" 2009 and 2010 as a series regular. I was the featured guest on cable TV in Virginia the "Here and Now" show. I instructed art students in Cartoon Illustration at Queens College in NYC for 3 years as well as tutoring private students. I earned a BFA from the School of Visual Arts in NYC and studied digital art at Palomar College, San Diego, CA. All my art is Made in the USA.

Beautiful coloring book. This has to be one of my favorite adult coloring book. Each design in this book is very beautiful, intricate and adorable. I can get lost for hours coloring this book. It's printed

on one side, which is perfect for marker user like me, so I can put cardstock behind it when I color to prevent bleed through.

Coloring books illustrated by Jess Perna. Excellent choices of illustrations put these fine coloring books together. When I first received them and opened them, it felt as though I was traveling the world. On one page I felt as if I were on a Caribbean Island, on one it felt like Italy, on another Japan. Then you are taken to the fantasy world of Fairies, superhero and even captures the world of nature where farms, animals and fresh vegetables come into place. This coloring book is absolutely gorgeous and a must have! I like it so much that I am going to have a few of the illustrations framed and up on my walls.

I was so happy when Jess came out with this book, his posters are beautiful, but way beyond me. I am fairly new at this "adult" coloring although at 65 I have been coloring for years. The pictures in this book are fabulous, and so detailed! Great work Jess!

This is a wonderful coloring book. The pictures look so real you feel like you are in them. When I color Jess's work I forget about taking a pain pill for my chronic pain. The paper quality is great and the pictures are printed on one side of the paper. You can use colored pencils, gel pens or markers to make a beautiful picture out of his work.

Absolutely my favorite book by Jess Perna so far. The pictures are great, the paper is also good. Arrived right on time, and looking forward to getting more from him in the future.
