Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I bought this book with the expectation that the arrangements would be similar to those in the CD of the same name and cover design. However, they are the same piano/vocal/guitar arrangements you can find in any other Disney book - not the gentle, romantic arrangements from the CD. However, the arrangements are nice enough, and it's a great collection of songs. It's written for intermediate level piano.

Used all songs in my daughters wedding and my brother, the keyboardist, sign and gave to her as a keepsake. Loved it!

Great condition!
