Coach

Synopsis

Retiring from the NFL was the right decision, and at thirty years old, I've done things most people could only dream of. After all I've accomplished, coaching high school football should be easy...but when you've got a distraction in the form of a nerdy girl with curves, things can get complicated. She's a student, she's barely legal, and she's my best friend's daughter. I didn't know what desire was until Megan. I had no idea obsession could drive someone insane, until I saw her. I wasn't prepared for the fact that once I laid eyes on Megan my life would really begin. I have to have her, no matter what the cost. I have to breed her and bind her to me so tightly she can't ever get away. She'll be mine, even if I have to take her. Warning: this book is ridiculous, over the top, completely unbelievable, and pretty much just about breeding the heroine. If you're okay with that, welcome to my dirty, dirty book! Just remember, I warned you.

The last thing you'd expect is to run into the person of your dreams while staying at your friend's house while your house is being completed. But that is what happened to Chris. One minute he was content with his life and the next he had the woman of his dreams in his arms. Only problem is that

she's his friend's daughter and completely off limits. There is way he can cross that line... or can he? Megan is home after spending the summer away. Running to Chris was so completely electrifying, that she'll do everything in her power to make him hers. She may be young and impressionable, but she knows what her heart wants and isn't afraid to go after it. This is an over-the-top, insta-love, provocative book at it's best. I enjoyed this fast paced, titillating read with all it's high sexual tension, luscious dirty talking, and hot flash inducing action. So if you are looking for something quick, witty, down right naughty, and outrageous love story, than look no further because Coach is for you!

Immature, nothing but sex and dirty talk. Don't get me wrong, I enjoy those books, but I enjoy them with a plot.

Lately, a theme in books that seems to be doing the rounds is the whole Older Man/ Younger Woman theme, and Alexa Riley's Coach is another in that area. I have to admit I am a fan of Alexa Riley's books as she was the first smutty author I discovered. In Coach, we meet Chris who has retired from his stint in the NFL and decided to move back home. Chris is currently building a house around the corner from his friends and working as the new Coach of the Football team at the local college. While his house is being built, he is staying with his old college buddy Peter and his family which include their 18 yr old daughter Megan. As you can guess Megan still holds her V-card and it seems her attention is focused on Chris and the pair have sex and in Coach hence the title Breeding - it is the "I want you to have my baby sex." What will happen though when the pair get a bit more serious and an ex-girlfriend of Chris's turn up? Can he prove to Megan, that he is all hers and nobody else? What will the school think when they discover the Coach is sleeping with a student and more importantly what will the reaction of Megan's parents be? Find out in Book #1 of Alexa Riley's Breeding series - Coach.

Older guy; friend of the father not the older brother for a change. He is a former NFL player turned high school football coach. She is the daughter of his best friend. At least she is legal at 18. The writing wasn't bad, but the story was strange. There was a lot of sex; on every other page. ;) The H has known the h since she was a child and is shocked when he literally runs into and knocks down a gorgeous young sexy woman who turns out to be the heroine. He has sex with her and is stunned when he realizes she is a virgin. The writing was okay; at least there weren't any glaring editing errors to drag you off the story.

If there is one thing I love in a book boyfriend it is dirty talk and Chris had that in spades. I liked how hard and fast he fell for Megan, consequences be damned. And I LOVED Megan. I loved that she was nerdy and proud of it. She rocked her glasses and goofy shirts with the charm and innocence of the teen she was. But she was also very mature for an 18 year old. She was bold and fearless in going after what she wanted and what she wanted was Chris. The chemistry was there from the first moment they crashed into one another and it didn't wane even through the tricky situation that was their relationship. I liked how they fought for what they wanted even if everyone else didn't agree with their choices- it was their life after all. I will say that there were a few things within the plot that seemed a bit far fetched but hey it's fiction. Coach was a fast paced, sexy and fun quick read.

I'd like to say I have no words...but I do in fact have a few. I went in to this book taking in consideration that even the author described it as "ridiculous, over the top, completely unbelievable, and pretty much just about breeding the heroine". There's also the fact that the series is called the "Breeding" series. So, with that being said I was prepared for Insta-Love, lots of sex, cheesy romance and obviously plenty of "breeding" and I got just that. It was a completely indulgent read for me and it was silly and sexy. It was a quick read easily read in one sitting. It won't be the best book you've ever read but it will probably put a smile on your face.

When I tell you this book was hot. It was scorching. Short and Sinfully Satisfying! I won't even go into detail but a man like Chris is definitely a danger to sane women every where. He is too damn tempting and poor sweet innocent Megan never stood a chance. There is nothing sexier than an Alpha Male. My only criticism was her parents reaction. Honestly that was beyond unrealistic. There is no way a parent would give their approval to this relationship. I guess that's what makes the whole thing a fantasy.

This is another author first! Total broke my only read certain author circle and decided to go with something off the beaten path. "Coach" by Alexa Riley was pure smuttiness at its best! Quick, to the point, over the top insta-love fest. When you read too much of the "heavy stuff", these are the best kind of reads. Chris and Meg's relationship is pure taboo older man/younger girl (she is legal, ha!) but they played their roles perfectly. They are both attracted and want to start a family immediately. He is obsessed with "breeding" her. Lord this man was insatiable! Can I get a side of Chris to go please! Yeah you need either your significant other or your favorite adult toy after reading this! Sex

in a classroom anyone?! Scandalous lol. In all, if you don't have a stick up your derriere, you can get over the fact that this is insta-love and can just enjoy a good time, pick up this book!! Highly recommended. Out of a 5, 4.5 stars for me. We could all use a Alexa Riley in our life.
