Customer Reviews

I learned quite a bit. Very useful.

Not horrible but not great either. This book is about twice as long as it needs to be, at least. The sentences are grammatically correct, which is a plus, but incredibly wordy. Lots of vague pseudo-health comments. The recipes seem useful. I wouldn't bother reading the text around them though.

nice recipe

Has some very good guide for finding stuff to make for dry skin

Not enough information....I was looking for more recipes this book did not provide me with what I was looking for.

Good
