Go ahead, eat like a Viking and lose weight, feel healthier and enjoy delicious new recipes.

Not bad

I love most of the recipes in this book, but I live in Idaho, and can't get some of the ingredients. I'm going to figure out equal replacements, and then I'll know better.

All around, it's a nice simple recipe book. I wish it had more text surrounding the diet itself, but other than that, I'm pretty happy with it.

Better than some of these use foods/ingredients that are if not difficult impossible to get in Indiana.

But its interesting and I can add it to my collection as I learn more.

Thanks!

Just received the book. I am a tad disappointed. A very thin book with mostly fish based recipes. I was hoping for more elk or venison recipes, and recipes for breakfasts.

I am always looking for new recipes for healthy meals and this book has so many wonderful ones. We all know fish is good for us and especially if you love salmon this book is for you. The recipes sound absolutely delicious and I can not wait to try them. I love venison and fresh berries as well as haddock. Each recipe is complete, covering everything you need from ingredients, how to prepare it and prep time. They look very easy to make and will make eating healthy so much simpler. There are so many preservatives and additives in everything and I love knowing I can make yummy meals for my family and know exactly what is in them. This book is awesome and I thank Saga Finberg for putting it all together. I recommend this recipe book to anyone who wants delicious meals. Bon Appetite'!

Delicious, flavorful, and filling! All the recipes are very healthy and tasty, especially if you love fish like me! A huge variety of recipes that are yummy and good for you at the same time.
