2016 ANNIVERSARY EDITIONS

Synopsis

Books 1-4 in the Immortal Ops Series! Contains 2016 Anniversary Editions of: Immortal Ops Critical Intelligence Radar Deception Strategic Vulnerability Paranormal Shifter Military Special Ops Romance Immortal Ops Immortal Ops Team Captain Lukian Vlakhusha is having issues with his newest target, Peren Matthews. His higher ups want her eliminated. He simply wants her. The alpha side of him demands he claim her—that is, if she will have him. After all, he's what she fears most—a wolf shifter. But there is more to Peren than even she is aware of and the enemy is closer than anyone imagined. Critical Intelligence Roi Majors, wolf-shifter and second in command of the I-Ops, is having a hard time believing that Intel can only get half the information needed to bring down an underground ring of vampires with big-spending backers who are hell-bent on creating a race of supernaturals with multiple strands of DNA in them. When he finds himself paired with the one woman in the world who seems immune to his self-proclaimed charms, he can't wait to see her to safety and then bid her good riddance. He never counted on falling in love with her. And he sure in the hell never counted on her claiming to be an agent with a branch of the government no human should know about. Radar Deception Dr. Thaddeus Green survived a werепanther attack long ago, leaving him immortal and a member of the I-Ops team. He's dedicated his life to genetics and to serving his country. After his mutated DNA led to the death of his loved one, he vowed to never let anyone close to his heart again. Try as he might, Green is unable to stop the mystical pull to the tall, leggy blonde with a sharp tongue and an even worse bite. Thinking Melanie is suffering from mating withdrawal, Green is prepared to do what he must to assure her survival, even if it means claiming her for himself, regardless of his need to protect his heart. Little does Green know that fate has been preparing him for Melanie Daly all his unnaturally long life. Strategic Vulnerability Held prisoner in a remote testing facility in the middle of the Brazilian rain forest, subjected to torture and abuse, shape-shifter and alpha male Wilson Rousseau has long since given up hope of being rescued. Days blend together until he can't help but long for death. Saved from his isolated hell by a female's distress call, he feels an instant connection to her. Kimberly thought she was taking a trip to South America to study indigenous plant life. She had no idea she was playing into the hands of a madman whose goal is to create a genetically altered army of super-soldiers. When she finds herself locked in a cell with Wilson, a man who would give his life to save hers, there is an instant attraction. But the dark secrets surrounding their imprisonment may change their lives forever. Can they find a way to beat the odds and be together, or will the madman win?

Customer Reviews

Sometimes when you buy those great deals boxed set you get one or 2 good ones and the rest are crap.... NOT THIS TIME!! loved all the stories. The author manages to make each man stand out, and avoids telling the same story 4 times with different names. The laugh out loud dialogue is icing on the cake of awesome alpha male love!

Really exciting series. I'm now reading the next series.

Fantastisk *f* *Å* *Ä* *Ë* *Å*

I ops is a bunch of shifters,fae,etc. They are hunky, demanding and protect women at all cost. Their women are strong, opinionated and defensive. You will laugh, scream at their hard headed ways and cheer them on as they find mates, fight evil and make love. I am not going to give anything away expect that someone gets killed and you want them back. Read this and you won't be sorry.

Each person has their own story line and well-written, quirky personalities. I had a great time reading these books. I am looking forward to the next ones.

I absolutely loved this book. I Loved the female characters the most. I had a lot of laughs with their wittiness

Take hunky supernatural heros, mix in kick-butt heroines. Expose them to heart-stopping action and you have a glimpse into the Immortal Ops world.

love all the Imortal Ops books, whenever I find them I will read them even if I have been reading a different book. Great reading!!!
