Customer Reviews

Former world-champion athlete turned best-selling author (*The Way of the Peaceful Warrior* and *Secret of the Peaceful Warrior*), Dan Millman proffers his latest book, *The Laws of Spirit*, in that time-honored form of storytelling, the parable. In a series of fictional allegorical tales, Millman is taken on a tour of wild forest and mountain habitats by a shaman-like wise woman he meets in a mountainside cove. Together they explore and observe nature and her creatures who show them much about principles such as faith, compassion, choice, action and surrender. A modern-day oracle of uplifting wisdom, this little book aims to open the heart and enlighten the mind. -- *Body, Mind, Spirit* magazine, January 1996
Millman's parable of a wise woman and laws of spirit which

help to make life work smoothly contains gentle reflection and spiritual education for all who consult his title. The laws of spirit are at the basis of all religious traditions: Millman's outline documents their importance. -- Midwest Book Review
Millman, the author of *Way of the Peaceful Warrior*, has another likely bestseller in his latest book. The fictional story begins with the author/hero taking a walk in the mountains and meeting a wise woman who leads him on a journey to places not connected by our understanding of spatial reality. Along this journey, she teaches our hero some simple spiritual principles, such as The Law of Balance, The Law of Integrity, The Law of Action. Each of the twelve laws is illustrated by coupling the hero's simple ignorance with the wise woman's storytelling. Readers who have enjoyed Millman's other books will certainly want this one; his easy conversational style is still engaging. -- NAPRA ReVIEW, Fall 1995

While hiking in the mountains, Millman encounters a mysterious woman sage who invites him on "a mission of great importance". Over the course of several days and nights, she uses the mountain wilderness as a means to reveal the "laws that make life work". The Law of Spirit represents Millman's most accessible and far-reaching vision of spiritual growth to date. --This text refers to an out of print or unavailable edition of this title.

This is one of the best books I've ever read concerning spiritual laws and ideas. I think I'll have to read it a few times to fully grasp all the concepts, but I was surprised at how, while reading it, it actually fit what is currently going on in my life. I expect, this may be one of the gifts I give for Christmas this year. As more people come to understand and practice these ideas and principles, our world will be transformed.

I'm taking a class at my church; we are using "The Laws of the Spirit" as a text. We have wonderful discussions. This book takes basic principles of successful living, and in the form of 'shadowed icons/ mystical characters,' wise insights are imparted to the reader. One of the characters is a wise cat. I love cats. They have so much wisdom for the rest of us.

"The Laws of Spirit" is a wonderful tale through which the author has woven 12 essential laws to live by - laws that, when brought to our awareness, and utilized, can literally change your life! The story is based around a man who has recently begun both a physical & spiritual journey, and the sage he meets along the way. This sage teaches him about each of the 12 laws, providing wonderful examples & showing him how to apply each one to every-day life. I love that each "law" is explained

in "down-to-earth" language and that, due to the examples given, it becomes quite easy to see how they can be used to better our lives on a day-to-day basis. "The Laws of Spirit" is a relatively small book, as it can easily be read in 1 or 2 sittings. However, I would suggest either keeping the book handy so that you can re-read it, or taking some notes so that you can easily be reminded of the many insights given. (I chose to take notes, so it took me a little bit longer to finish the book - but I now have the info. I need to put into practice all that I learned). Overall, I would highly recommend this book to anyone interested in spirituality & personal growth. It's an easy, interesting read, that is jam packed with wonderful insights.

I am a bit confused. Still at beginning and as reading it it sounds like a fairy tale... I hope d more I read it it will make more sense...

I gift friends with copies! A great purchas price & delivery!Thanks!

This book is wonderful. it contains all of the spiritual principles I believe in. It is well written and succinct.

This is now one of my favorite books of all time. The language is exquisite and soothes my soul. In addition, the wisdom contained within this small, but powerful, book is right on.

Great message in the story. Easy to read. Would definitely recommend
