# Tanzania In Pictures (Visual Geography (Twenty-First Century))

## Synopsis

An overview of Tanzania's geography and history, along with an exploration of the political, economic, and cultural landscape of this east coast African nation. As part of the new, completely revised and redesigned second edition of the highly acclaimed Visual Geography Series<sup>®</sup>, Tanzania in Pictures explores Tanzania's topographical variations from the plains of the Serengeti to the heights of Mount Kilimanjaro--the highest peak in Africa--as well as the nation's political development since the retirement of its revered president Julius Nyerere, a leader in the historic struggle for self-rule on the African continent.

Product Dimensions: 10 x 7.3 x 0.4 inches

Shipping Weight: 12 ounces

Average Customer Review: 3.9 out of 5 stars 2 customer reviews

Best Sellers Rank: #2,348,683 in Books (See Top 100 in Books) #44 in Books > Teens > Education & Reference > History > Africa

## Customer Reviews

Bev Pritchett is an author and editor of books for young readers.

From the cover and title, I expected some full color pictures of Tanzania with some identifying text. Perhaps I didn't do my part to investigate the inside of the book more before purchasing. Actually, the book covers alot of the history of the country, politics, culture, geography, and does it all simply and understandably with some black and white photos. I would certainly buy the book again because of its informative content, it just wasn't what I expected to arrive. If you are looking for more of a pictorial, this is not it. If you are looking to learn something, buy it, buy it.

This book is a basic social-studies introduction to Tanzania. I purchased it based on the cover photo, thinking it would be a coffee-table type book. It's not -- it's suitable for upper grade school to

middle school students.
