Straight To Bed: A Gay Man's Guide To Seducing Straight Men

Synopsis

He watches football, has a ring on his left hand, drinks pale yellow beers without flavor. You see him on the street, in the gym, working on the side of the road, hanging out with his buddies on the beach. And when you see him, you want him so bad you ache. Your mouth waters, your knees feel weak, eager to bend. He's aloof, impossible, and masculine: the straight guy. This book offers you good news: the straight guy isn't so impossible as he seems. Recent research has shown that straight men do have encounters with other men, and the author's life confirms it. This book offers tips, strategies, and advice for how to turn the impossible-seeming fantasy into definite reality. Learn:-How to set up an ad that attracts straight men's eyes, and makes them eager to contact you for service.-How to strike up a conversation with a straight guy at a bar, in the gym, on the street and proposition him.-How to make going home with you seem like his idea.-How to hire a straight male escort.-How to arrange anonymous encounters through cruising.-How to set up a private gloryhole.-How to get your friend to say "why not?" Packed with research, tips, personal anecdotes, interviews, and a dash of humor, this guide to seducing straight men will leave you with sore knees, a wet chin, and a huge smile on your face.
