Customer Reviews

Cute book to help girls learn about their bodies and changes in their growing lives and body.

My 10 year old was soooooo excited to get this book and read it over and over for the next few weeks. She had so many questions about puberty and this book covered it all. It also let her know that I was here for her and interested in what was going on with her.

This is a great book for young girls. I highly recommend it.

PERFECT for tweens.....My granddaughter loves the book. She was glad to see that others feel the way she does sometimes.

My child loves the book!!!

OMG SO FIVE STAR!!!!!!

Got them for my daughter. They are great. She said it helped her to understand a little more and feel like it's going to be ok. She has more questions after. That was good.

Great price
