## Synopsis

In the spirit of her acclaimed *Dog Heaven* and *Cat Heaven*, Newbery Medalist Cynthia Rylant illustrates the King James Bible creation story in a simple yet powerful folk art style. Cynthia Rylant takes the familiar text of the creation story, as told in the King James Bible, and lovingly illustrates it in her simple but bold style that has been called “stunning” by *School Library Journal*. In striking illustrations reminiscent of folk art, Rylant has created a fresh take on a classic story that will appeal to readers of all ages.

## Customer Reviews

PreS-Gr 1 • The content is exactly what the title implies. This is a picture book version of the creation story as told in Genesis. It has minimal text taken from the King James Bible. It begins with God separating the light and darkness and ends with the seventh day of rest. There is no additional text or information. Each simple, childlike acrylic painting corresponds directly to the text, but this version does not stand out in an already crowded field of excellent options. VERDICT A pleasing addition for fans of Rylant and church libraries looking for multiple versions of Bible tales. • Kris Hickey, Columbus Metropolitan Library, OH

The Creation story, interpreted with minimalist art. Rylant's text, looking as if hand-lettered and

adapted from Chapters 1 and 2 of the book of Genesis from the King James Bible, emphasizes for the youngest readers and listeners how very basic yet how extraordinary this story simultaneously is. Her naïve acrylic paintings are charmingly innocent and appealing, readily capturing the salient points of each day's work, each rendered in a separate double-page spread.

(Creationists should be pleased at the painting of a dinosaur to depict the creation of "the beasts.")

Children who already know this story may enjoy seeing and hearing this latest version. Youngsters who are unfamiliar with the opening chapters of the book of Genesis may well wonder, after the final lines, just what happens next? Such queries should stimulate lively conversations. Brushstrokes are readily visible, often dominating compositions, as in the creation of Day and Night, in which darkness

looks like a gray, feathered wing laid over the light. Depicted figures—the aforementioned dinosaur, birds, tortoises—have a pleasingly blobby look. This adaptation's low-key

illustrations bring the story to a child's level... (Kirkus Reviews) Rylant's

illustrations for a simplified version of the Genesis creation story, adapted from the King James

Bible, recall those from her *Dog Heaven* and *Cat Heaven*—wet, thickly painted

acrylics in which childlike forms appear against milky backgrounds. A featureless expanse of gray

becomes yellow with the turn of a page as God says, "Let there be light." God

creates pale green grass and fruit trees daubed with bright color. When God makes man and

woman, Rylant paints them as ash-gray figures standing apart from one another in a field, facing

away from viewers and bathed in greenish light. In the penultimate spread, a friendly zebra gazes at

a stand of trees bearing red and pink fruit. "He looked at everything he had created and

made, and behold, it was very good." It is the first image in which the created things are

shown relating to one another, and the first in which warm feeling is expressed. The predominant

impression is one of strange wondrousness as the world comes into being. All ages. (Publishers

Weekly June 27, 2016) The creation story has been told many times for children, but

Rylant's version presents its wonder in the simplest of ways. The spare text is faithful to the biblical account of those first seven days, but it takes Genesis's words and distills

them to their purest forms, not only making the text suitable for a young audience but also

showing children the clarity and precision with which God worked. The narrative

also highlights images not easily recalled from the original text. Does the biblical passage

really call out whales by name as one of God's creations? It does, and the

two-page spread that shows an arc of gray sitting upon the water bears witness to that fact.

Rylant, who has occasionally done her own illustrations in the past, offers artwork that is as

bold as it is spare. Thick brush strokes turn into arresting skies, seas, and sand; layers of

acrylic paint form unique colors that are perhaps yet to be named. Colorful dots on bits of green growing from a brown barbecue fruit trees, and a long, thin line, squiggling along the sand is a snake. As with the best stories, this allows room for readers to add to its creation with their own thoughts and imaginations. — Ilene Cooper (Booklist, STARRED REVIEW September 1) A pleasing addition for fans of Rylant and church libraries looking for multiple versions of Bible tales. (School Library Journal September 2016)

The illustrations in this book are amazing! I recommend this book as well as Give Me Grace by the same author. My child loves the pictures and it is great gift for others.

Are there more beautiful words than the story of creation? Could they be more beautifully illustrated than with the simple paintings Rylant made for this book?
