Its okay. Bought it for my 12 year old daughter because she likes knowing all the little holidays and occasions throughout the year like national pancake day and such. This doesn't seem to be quite that. This feels like someone just sat down and thought up some cutesy days and printed on a calendar. Nothing real or official at all. So far I can say that I am happy that there does not seem to be anything on it that is inappropriate.

I purchased this calendar thinking it was a daily desk calendar but it's actually wall calendar. I would have known that had I actually read the listing. Oops! That being said, I really love it! My kids enjoy

looking at it each day to learn about what fun days are coming up and we've been able to celebrate a few. I ordered this to help get some inspiration for marketing ideas for social media and blog posts and it seems to be quite useful. Each month has a large section for the day and lets you know what every day is. Some holidays are more exciting than others, but it's a great tool for planning in advance. I will definitely repurchase again for next year.

My wife and I love this calendar. It's fun to check what obscure holiday happens on each day. What is nice that I didn't expect is how large the individual days are on the calendar for writing appointments and such. Definitely a fun and practical calendar. I would recommend.

Like the calendar. Colorful and cute, but I think the holidays are not nearly as interesting or fun as last years version. Hope next year picks back up.

The calendar is bigger than most, which makes it take up an unnecessary amount of wall space. The holidays are made up and those holidays that are real are not on it, which is confusing. I thought it would be funnier than it is but I'm just generally disappointed.

The days are just silly, Love it!! We have a huddle board at work and everyone's eager to see what day it is

I keep this at work and everyone enjoys it. We repurchase again next year.

It's really cute. I love knowing about off the wall holidays like Eat a Red Apple Day or Chocolate-Covered Cherry Day. The calendar is colorful and cheerful with great graphics. I'm gonna have a great year! :)
