## Synopsis

"You see, there is safety in simplicity...in a life of simple peace, where the electricity doesn't dance across the backs of my eyelids, and the sparks don't slither over my consciousness. Only asinine peace, where my paintings don't seem to paint themselves, leaving me with terrible feelings of premonition and a chill beneath my fingernails." Seraph Black used to think that she was prepared for anything. She could last days without eating and she always walked away from the violent altercations with her father relatively unharmed. She survived working at the club and the drive to school every day in her mother's rust-bucket of a car...but it all changed when Noah and Cabe came bulldozing into her life, careless of the precious secrets they picked apart in their quest to take over her world. She was even less prepared for the mysterious Miro and Silas, and nothing could have prepared her for the bond. The connection. The reason for it all. Someone wanted her to stay away from her new friends, but she wasn't willing to do that. Everyone had secrets. She wanted to know theirs. They wanted to own hers. And the stalker? He seemed to know everything already.

## Customer Reviews

Cliffhanger ending. Nothing resolved. A buy the next book installment. The heroine of the novel lives in a world where every named male (and a few unnamed) who isn't in the service industry is attracted to her, related to her, gay, or some combination of the above. Every woman hates her because all the men are attracted to her, or is related to her/one of the men in some way. There is a magical mystical fated attraction, and when our heroine questions it, she is told not to worry, the male leads would be stalking her even if fate wasn't involved. When she questions these men, the

magic, the situation.. she is told that she can't be told and just to trust that she can't be told. Oh, right.. okay. We are finally given a reason in the last 10% of the book, but she was fine up until that point. Have a stalker? Kill a guy? Have to move? Assume a new identity? Get a new name? No one will tell you what is going on? No problem. Our heroine has not one but two of the most rare magical powers. She has not one magical fated partner, but four. She is stunningly beautiful. She is brave and intelligent (?). She has an incredible talent for art. She has musical talents she didn't know she had. Her male leads are the most popular kids and men. The bad guy wants her out of jealousy. Everyone has to tell her she is amazing, pretty, a miracle as apparently all of the above wasn't a clue. In the end, we still don't know exactly why she still can't be told anything. We don't know why our girl has to hide her fate from her own people. We don't know why the leader of the people is a danger to her. We don't know what these people even do. We don't know who the stalker is, and he certainly hasn't been stopped. We don't know how these magic powers can be used. What do we know? Our heroine is hot, and the four most attractive men around want her and only her, no worries!

A hard, cruel life...Spent surviving and protecting...Forming and forging a bond with certain someones...Learning who you are and what you are...Seraph has led a hard, cruel and abusive life along with her brother. My heart breaks for them. A protector for her brother, always shielding him. I admire that but my heart breaks for what she had to endure all these years. Overall, an absolutely fantastic tale of danger, desires, fear and attraction. Full of abuse, Zevgheri, secrets, mystery, suspense, stalkers, attraction and a hint of romance. Perfect for readers of urban fantasy romance/thrillers.

I love this book. I've been reading all night it's currently 4:22am and I can't wait to finish this review so I can purchase and start the next in the series. It has everything a girl could want mystery, action, romance, 4 crazy hot guys and a very interesting leading lady. I am in love with this story and anything else this author writes! It's all amazing you shouldn't hesitate to pick up anything written by her!

I wasn't so sure of this book when I started it, but by the end, I had to purchase the rest of the series. I am not leaving the right style of review due to time constraint at the moment, but I didn't want to forget to at least leave a few words. Supernatural abilities mixed with heroine of the ages.

I'm now reading this book for the fourth time (I've re-read every time a new book comes out, so I'm working my way back up through for the first book). This book is beautifully written, so full of poignant emotions, well developed characters, and a truly unique and interesting plot. There is so much tension in the relationships, this really compelling pull and repulsion that is just painfully lovely. This is among my gold standard for what a reverse harem book should be.

Great start to an awesome series! It captivates you in from the start. Seraph has been through so much in her young life, but she doesn't play victim or use it as an excuse. she is a survivor. She is strong in mind and spirit and I truly enjoyed reading and seeing her grow even more throughout the books.

Kept me captivated and intrigued throughout the whole book. I am wondering how the double pair thing will workout and to be honest she had such a crappy childhood i honestly hoped Miro would become father like not a lover. I love Cabe and Noah and enjoy reading about their dynamic relationship with Seraph.

I think I will five star anything Jane writes. She's so awesome--THE QUEEN OF REVERSE HAREN NOVELS!!
