Hey, folks. If you're just discovering me or any of my work, it can be a little confusing because there are several facets to it. Here's the rundown:* I write songs. I also record them to these cool things called CDs and put on concerts around the country. (And beyond! To my great delight, I get to play in Europe every year or so.)* I write books. I've just completed a four-book fantasy series for young readers called the Wingfeather Saga. I also drew some of the pictures (but not the

awesome ones). (WingfeatherSaga.com)* I'm the proprietor of the Rabbit Room, a community of songwriters, authors, and artists interested in storytelling, faith, and fellowship. We have a yearly conference called Hutchmoot, which is as strange and wonderful as it sounds. (Hutchmoot.com)* I've been married for nineteen years to Jamie, and we have three sweet children: Aedan (16), Asher (14), and Skye (12). We live in a magical place we call the Warren, just south of Nashville. The common thread in all this is my love for Christ and his Kingdom, my belief in the power of story and art, and my need for family and community. If I had to boil it all down, I'd say this: I want to use my gifts to tell the truth, and to tell it as beautifully as I can. That ought to get you started. Truly an epic tale that decries selfishness and jealousy. Sacrifice, courage and servanthood are on display for all who wish to be blessed, thank the Maker! Great series for young and old! There is detail of character, and plenty of characters with which to relate! There are characters you can look up to and wish you were more like them. Steady and noble and long-suffering. There are plenty that have inner struggles very much like the ones common to us all. The battle scenes provided an excellent framework for anyone to interpret in their mind how things were going. A youthful reader would not fill out the story like an older reader would, and that is good. While the Wingfeathers endure hardships, loss and miserable personal failures, I found plenty of bravery, and willingness to keep going. Plenty of action, too. When a character couldn't go on, help of some sort was sent by the Maker. Well worth the price. I wish all four books in the series were available as a set! That would be so handy. Five stars for the story, however! Read these books and give them as gifts! Read them as a family! My granddaughter and I read this book together and had many great conversations. A final shout out to the first two books on audible...they are wonderful to listen to...and wish the last two books were audible-available with the same performers! It was a fantastic job.

An epic adventure for all ages chocked full of powerful (and often silly, in a good way) allegories of our current day displayed through family, despair, love, loss, hope, strength, song and the importance of one's true identity. Thank you, Andrew Peterson. Your words in song and now your words in print continue to artfully unveil the wonder, majesty and glory of God's plan of salvation for his people found only in the sacrificial and redemptive blood of Christ Jesus our Lord and King.

I started reading this series with my son, who is in sixth grade, whose honors literature teacher recommended them. I have just finished book number 4, and I cried with joy and peace and sadness and GOODNESS (although I know that's not a proper word) at the end of books 3 and 4. I absolutely love the themes of redemption and forgiveness and love which are interwoven with adventure and plot twists. I have thoroughly enjoyed these books, and from the cliffhanger at the end of book 4, I hope there is a book 5 in the works. I highly recommend this series.

This series is destined to become the contemporary equivalent of CS Lewis' Chronicles of Narnia. They will become classics, with the same quality Lewis proffers of writing something for children that is equally captivating for adults. Many authors of serial works begin well but can't maintain the same quality and interest -- much like movie sequels that seldom equal the initial film. However, in this, the final book of the series, this author acquits himself admirably in providing page-turning suspense, portraying characters with depth and fidelity, and tying up the loose ends from the entire series in a way that is wholly satisfying. Peterson writes with delightful humor, unique creativity, and exceptional skill. This book, and the series it concludes, are not to be missed. Turn off the TV and make reading this series a family affair.

The best. I have read the series and saved them for my grandchildren. Action packed, unforgettable characters. Lots of adventures, heroes and heroins. The good are good and the bad are bad. The animals are creative. Children save the day and yet have limitations and co share responsibility with adults and respect and submit to them for their wisdom and bravery. Teaches that evil looks like it will prevail because of superior forces but that it will fail when confronted with a pure heart driven by love.

A glorious picture of sacrifice and grace. Peterson's final installment in the Wingfeather Saga is worth the wait. Perhaps the best of the four, The Warden and the Wolf King is captivating and draws to a lovely conclusion the journey of Janner, Tink, and Leeli. I would highly recommend this series for middle school boys or as a family read-aloud. Of course, fans of Narnia would certainly find something to like in Anneira as well.

Finished (finally) reading to the boys. Fantastic series. All I know is I perfected reading in a tearful voice... We couldn't help but get carried away!

This is a great series of books for middle school aged kids through adults. The books are well written with a flair for the absolutely absurd. The characters are rich and the story is so layered that the reveals are unexpected and exciting. When you get to the end and see the grand plan - that honestly at first looked like a hot mess - it's genuinely amazing.
